County Fair Will Highlight Agriculture Achievements

The stage appears set for Monday's opening of the 20th annual Pickaway County Fair. With five days and six nights of entertainment on the card, the agricultural exposition will open officially at 6 p.m. Monday. The program has been designed to please dwellers in both the city and county.

An official welcome to the annual festival that accents agricultural achievement has been extended by the Pickaway County Agriculture Society and William L. Cook, Fair manager.

Poor-Singing Dog Also Plays Lousy Piano

SAN BERNARDINO, Calif. (AP) — Two men walked past the home of Mrs. William Wing and heard boisterous singing and a lousy piano accompaniment.

"Well, the singing isn't very good," said one, "but the playing is terrible. What a dog!"

And it was—Mrs. Wing's oversized year old Boston bull terrier, George Bing (for Bing Crosby).

George, Mrs. Wing told a newsman, began playing at the age of 3 months. And it's not that he's the only dog who ever played the piano, she adds, but he took up an interest in singing along with himself.

George's keyboard technique is more distinguished for gusto than accuracy, Mrs. Wing says. George growls a few bars of "aw-aw-yi-yee!" and fakes the rest.

Cincinnati Lawyer Placed on Probation

CINCINNATI (AP)—Attorney Gordon E. Iliff has been placed on two years' probation for failure to file income tax returns on income of \$90,339 in 1959 through 1961.

U.S. District Judge John W. Peck imposed the probation Thursday after the 48-year-old Cincinnati attorney pleaded guilty to the charge.

Super-Ready Reserve Due

HST Honored at Medicare Signing

WASHINGTON (AP) — President Johnson packs up the historic health care bill today and flies to Missouri to sign it into law with former President Harry S. Truman at his side.

Truman championed a similar proposal 20 years ago as part of a five-point health program. It included compulsory national health insurance, expansion of Public Health services and federal aid to medical schools and

research. All except the health insurance plan were passed.

As approved finally by Congress earlier this week, the 133-page measure Johnson will sign includes hospital care under Social Security for the elderly, a low-cost optional plan to pay doctors' bills for old people and an across-the-board raise in Social Security benefits. Increased Social Security taxes will pay for most of the program.

On Nov. 19, 1945, less than three months after the end of World War II, Truman sent Congress a special message on national health needs.

"We are a rich nation and can afford many things," he said, "but ill health which can be prevented or cured is one thing we cannot afford."

The cornerstone of this program was a compulsory national health insurance program to cover medical, hospital, nursing

and laboratory service plus dental costs as fully as possible. It was not restricted to persons 65 or older, as is the newly enacted program.

"I believe that all persons who work for a living and their dependents should be covered under such an insurance plan," Truman said.

Much of the Truman proposal was embodied in the Wagner-Murray-Dingell bill that was killed the following year.

National Guard Also Slated for High Polish

WASHINGTON (AP) — Certain selected units of the National Guard and Reserve will be brought to peak readiness in the months ahead, officials said today.

This was evidence that a call-up of Reserve forces remains a strong possibility for the future, even if President Johnson has decided against such a course for the present.

In effect, the Pentagon will be creating a super-ready Reserve that will have the highest priority.

Units so tapped likely will be given additional weekend training, will get new clothing supplies, new spare parts for their equipment and possibly additional gear from stockpiles and lower priority units.

They would be the first to go into federal service and, officials hope, would be in the best possible shape to meet their deployment objectives — eight to twelve weeks after muster in the case of priority Army guard and Army reserve units.

It was indicated that two or three first-line National Guard infantry divisions may be chosen for the special treatment.

There are four such divisions — the 26th of Massachusetts, the 28th of Pennsylvania, the 42nd of New York and the 30th of North Carolina.

Some of the eight priority infantry brigades in the Army guard and reserve also may be selected to undergo increased

Ex-Castro Aide Rescued From Raft

MIAMI, Fla. (AP) — One of the early provincial governors in Fidel Castro's regime was rescued after 12 days on a four-foot immovable raft, just before he had given up hope and decided to swim for shore.

"He was hysterical — with joy I guess," said Tom Miller, the skipper of a private yacht that spotted Luis Casas Thursday. Casas was waving a five-gallon water can to catch the sun's reflection.

"He told me later he planned to abandon the raft this evening (Thursday)," Miller said. "He could see the lights of Miami and he was going to try swimming ashore."

Casas, 34, blistered by the sun and wearing only ragged green pants, was greeted at the docks by his exiled sister, Grace, who fled Camaguey Province with him in 1960.

He was governor of Camaguey in 1959 and 1960 shortly after Castro took power. After he and his sister fled their hometown, he was arrested in Havana and convicted of anti-Castro activity.

Assembly OKs Free Bus Bill

COLUMBUS, Ohio (AP)—The Senate accepted today House changes in the bill requiring public busing of parochial and private school pupils to complete enactment.

The vote was 29-1 with Sen. Robert R. Shaw, R-Franklin, dissenting.

The measure now goes to the governor for signing into law.

Goldwater Recovering After Neck Surgery

PHOENIX, Ariz. (AP) — Former Sen. Barry Goldwater was reported resting well Thursday after undergoing neck surgery.

A spokesman at St. Joseph's Hospital said Goldwater had some discomfort but that was expected. The operation Wednesday was to relieve chronic back pains from vertebrae pressure on a nerve.

Reds Plaster Training Area

SAIGON, South Viet Nam (AP) — A Viet Cong force attacked a government training center 75 miles southwest of Saigon today and inflicted heavy casualties, a U.S. military spokesman announced.

An estimated 125 to 500 guerrillas hit the Tan An regional force training center with 57mm recoilless rifles and machine guns, the spokesman said.

The Viet Cong sent a suicide demolition team to blow up an ammunition dump at the center but the guerrillas didn't reach the dump, the spokesman reported.

Communist casualties, if any, were not reported.

In a related incident, the spokesman said the Viet Cong blew up a bridge between Tan An and Cao Lanh and harassed Cao Lanh with five rounds of 60mm mortar fire and small arms fire. A woman and two children were reported wounded.

Militiamen were sent to the area but no contact with the Viet Cong was reported.

Communist guerrillas also shelled the district headquarters of Nghia Hanh, 85 miles south of Da Nang. Government casualties were termed "very light."

Several thousand men of the U.S. 173rd Airborne Brigade continued a sweep operation 35 miles southeast of Saigon but for the second day no significant contact with the Viet Cong was reported.

The spokesman said one guerrilla was found dead and another wounded. He speculated that the casualties might have been victims of a Okinawa-based B52 bombers that hit the area Thursday.

Military informants quoted intelligence reports as saying that 100 Viet Cong disguised as Buddhist monks gathered in a mountainous area near the operational area. Artillery fire was turned on the area but there were no reports that the target was hit.

Negros Plan New Display

AMERICUS, Ga. (AP) — Riot-trained state troopers patrolled Americus today as Negroes planned to end a 24-hour suspension of civil rights demonstrations with street marches.

They were halted after Andrew A. Whitley Jr., a 21-year-old white Marine enlistee, was shot and killed from a passing car. Two Negroes, Eddie Will Lamar and Charley Lee Hopkins both from Americus and in their 20s have been charged with murder.

More than 250 whites gathered at a recreation center Thursday night to hear a speech by segregationist Lester Maddox, who sold his Atlanta restaurant rather than serve Negroes.

Maddox and several local speakers urged that there be no retaliation against Negroes. The crowd also listened to a tape-recorded speech by Rep. Howard Callaway, R-Ga., who warned that to strike back would be a tragic mistake.

Negro To Head Plan

ELYRIA, Ohio (AP) — A 33-year-old Mansfield Negro, Jerry E. Walker, has been hired to direct Lorain County's war on poverty. He takes the \$12,000-a-year post Sept. 1.

Berger Tax Levy Request Approved

A resolution authorizing the placement of a half-mill levy on the Nov. election ballot was adopted yesterday afternoon by Pickaway County's Board of Commissioners.

If approved by voters, the money derived would be used to supplement the general fund and meet current operating expenses at Berger Hospital. A request to place the levy proposal on the November ballot was submitted to the county solons Monday by the hospital's Board of Governors-Commissioners.

Members of the Berger board have strongly emphasized that the hospital's financial outlook must be improved if it is to continue providing adequate community services. They have pointed out that several alternatives have been taken under serious consideration, with the half-mill levy proposal appearing to be the best approach.

It was explained that levy revenue would help offset problems created by a low percentage of occupancy that has prevailed at Berger the past few

years. The board has reached the opinion that a curtailment of some services might be required unless the present financial situation is improved.

BOARD spokesmen said the seriousness of the situation has made it necessary to request public support. In the past, Berger has functioned without public financial assistance, other than bequests and grants which have been used for expansion and building improvements.

The levy, if approved by Pickaway County voters, would extend for five years. Taxation would amount to five cents for each \$100 valuation of taxable property.

It has been indicated that a successful half-mill levy would produce about \$60 to \$70,000 yearly to bolster the hospital's general fund.

The County Commission's move to authorize certification of the levy on the ballot was a unanimous decision, with solons Lloyd Melvin, Wayne Hines and Charles Morris all casting "yes" votes.

Voting-Rights Bill OK Seen Coming Next Week

WASHINGTON (AP) — A compromise Senate-House bill for passage next week of the administration's voting-rights bill.

The measure would suspend

literacy tests and permit federal registration of voters in wide areas of the South to prevent Negroes from being denied their voting rights.

President Johnson has predicted that "Negro voting will double and redouble in years to come" if Negroes take advantage of the bill.

He went before a joint session of Congress in mid-March, at the peak of the Selma, Ala., civil-rights demonstrations, to urge quick action on the measure.

Senate-House conferees appointed to reconcile differences between the bill passed by the Senate May 26 and the bill passed by the House July 9 reached agreement Thursday at their sixth meeting.

The compromise drops a House-approved ban on state poll taxes, but it contains a strengthened congressional finding that the right to vote is denied or abridged by making their payment a requirement for voting.

And, as in the Senate bill, the attorney general is directed to bring immediate court action to challenge the constitutionality of the poll taxes still collected by four states — Alabama, Mississippi, Texas and Virginia — from voters in state and local elections.

A constitutional amendment has outlawed the payment of poll taxes as a requirement for voting in federal elections.

On another major issue in dispute, the House conferees agreed to accept a Senate provision under which persons educated in American flag schools in languages other than English would be able to vote without passing a state's English-language literacy test.

The chief effect of this will be to enable thousands of Spanish-speaking Puerto Ricans in New York City to qualify as voters.

Ashtabula County Airport Plan Pushed

JEFFERSON, Ohio (AP)—An Ashtabula County Airport Authority — created Thursday by county commissioners — has applied for \$100,000 of state aid toward buying an airport site and expects to seek an additional \$300,000 in federal and local funds to develop it.

Peace Corps Fund OK'd

WASHINGTON (AP) — An authorization of \$115 million to run the Peace Corps for another year is before the Senate, sent there Thursday with bipartisan enthusiasm by the House.

Saturn Chalks 10th Success

Another Pegasus Drilled into Orbit

CAPE KENNEDY, Fla. (AP) — The Saturn 1 rocket concluded its flight program with a 10th straight success today and hurled into orbit Pegasus 3, a giant luminescent space bird whose "feathers" may one day be plucked by space-walking astronauts.

A year or so from now, if the venture appears feasible, a Gemini astronaut wearing a rocket pack may leave his spacecraft and rip off detachable metal plates carried by Pegasus 3 to bring them back to earth for study.

The satellite joined two earlier pegasus payloads already in space recording the impact of meteorites to learn how much of a threat they pose to lengthy manned space flight.

If an astronaut could turn one or more of the paper-thin aluminum sheets to earth, experts would be able to learn more than radio signals tell.

The mighty Saturn 1 thundered away from its launching pad right on schedule at 8 a.m. EST and the satellite was drilled into orbit about 330 miles high — in the same orbital plane used by Gemini spacecraft.

The Saturn 1 will be succeeded next year by the more powerful Saturn 1B.

Once in orbit, the 23,100-pound satellite extended two wing-like projections to a span of 96 feet and began coursing through space, presenting a broad target for the streaking space particles.

The National Aeronautics and Space Administration reported that both the rocket and the spacecraft performed flawlessly.

Thus Saturn 1 ended with another success its flight program which started Oct. 27, 1961.

All 10 flights were successful and the rockets provided America's missilemen with valuable data on how to handle large and complex boosters. The lessons will be applied to the Saturn 1B and the massive Saturn 5 which will be used to launch astronauts to the moon.

Ohio Senate OKs Plan on Apportioning

COLUMBUS, Ohio (AP)—The Ohio Senate adopted a reapportionment resolution today for election of a House member for each 64,700 Ohioans in line with U.S. Supreme Court "one man, one vote" edicts.

The vote, sending the proposal to the House, was 25-3. Opposing senators were Jim Thorpe, R-Satrk; Charles H. Jones, R-Butler, and Fred L. Hoffman, R-Hamilton.

The proposal requires grouping of small counties into districts with sufficient population for a single representative.

Counties with more than four representatives could be subdivided by election board members after June 1, 1966.

County districts would be formed by the State Apportionment Board, composed of the governor, secretary of state and auditor.

A 15 per cent deviation would be allowed from the 64,700 ratio. The present ratio is 97,000.

3 Appointees By Governor Are Rejected

COLUMBUS, Ohio (AP)—Senate Democrats Thursday rejected three Republican appointees of Gov. James A. Rhodes.

Nominees rejected were Paul R. Matia, Fairview Park, to the Industrial Commission; Guy M. Nearing, Bowling Green, to the board of trustees of Bowling George Pringle, Chillicothe, to the Board of Regents.

Matia's appointment was rejected 16-15, Nearing's 15-13 and Pringle's 16-14. Democrats and Republicans each have 16 votes in the Senate with 7 needed for confirmation.

Rejection of Matia's appointment was urged by Sen. Danny Johnson, D-Tuscarawas, who said the 28-year-old Republican lacked experience to sit in review of workmen's compensation cases.

Senate Democratic Leader Frank W. King, D-Lucas, spoke against the appointment of Pringle on grounds he would have been the ninth Republican member of the Board of Regents, on which there are no Democrats.

pull. An evening highlight will be the first of a two-day twilight harness racing program, with post time set at 5 p.m. both days.

TUESDAY night heavy attention will be centered at the Grandstand where a new king and queen will be named and a Junior Fair Talent Show conducted. This combined event will get under way at 8.

The remaining four days will be a beehive of activity, with full programs slated each day and night. More judging, demonstrations, exciting entertainment, style shows and general competitive events are some of the functions scheduled.

Industrial displays as provided by local firms will be housed in the Coliseum, as well as exhibits of modern farm equipment shown by local implement dealers.

The welcome mat is out, according to Fair manager Cook and the Agriculture Society. The entire exposition will be open to public inspection and participation.

30 Nations

Now Helping South Viet

WASHINGTON (AP)—Thirty nations now are giving help to South Viet Nam — three times as many as when Saigon appealed to the non-Communist countries for aid a year ago.

Eight other nations have promised help.

About 700 civilians and 4,000 soldiers from 13 nations besides the United States are on the job in South Viet Nam, according to State Department figures.

The number is expected to take a big jump with the prospective arrival of perhaps 16,000 more Korean troops in addition to the 2,200-man Korean task force already in Viet Nam.

Later this year the Philippines may send a 2,300-man contingent.

The total of men and materiel from other countries amounts to only a fraction of the huge U.S. contribution, which is expected to reach more than 125,000 men and one billion dollars plus this year, by latest administration figures.

Still, U.S. authorities rate the help from other nations as significant.

OEA Sanction Hits School

COLUMBUS, Ohio (AP)—The Ohio Education Association's Executive Committee has voted to apply professional sanctions against the Washington Local School District in Lucas County.

The action means the OEA requests educators throughout Ohio and the nation not to accept positions in the Lucas County community.

The committee's action came on the recommendation from the OEA's professional rights and responsibilities commission.

That commission last May conducted a study of conditions affecting personnel at Jefferson Junior High School after the board of education refused to rehire three teachers.

readiness preparations.

These eight are the 157th of Pennsylvania, the 187th of Massachusetts, the 191st of Montana and the 205th of Minnesota, all in the Reserve; the 29th of Hawaii, the 69th of Kansas, the 92nd of Puerto Rico and the 258th of Arizona, Virginia and Missouri, all in the guard.

Certain lesser supporting units also may be included.

Elements of the Air National Guard and the Air Reserve may be given additional attention to sharpen their readiness.

It is known that officials of the National Guard Bureau have proposed keeping Air Guard squadrons out of federal service until the 11th hour on grounds they are already in such shape that they can be used in less than 30 days from mobilization.

Most priority units are very close to their manpower ceilings which represent 80 per cent of their mobilization strength.

The additional 20 per cent would be drawn from the Army Reserve manpower pool. Officials said that to avoid delay in active duty training, the 30-man notification period after formal callup could be used to make certain that these rank-fillers would be with their units at the time of entry into federal service.

9 Treated At Hospital

Melissa Iles, 5, daughter of Mr. and Mrs. Franklin Iles, Route 2, Amanda, suffered a laceration to her head after being struck with a rake. Nine persons received emergency care in Berger Hospital yesterday and were released.

Jane Hines, 2½, daughter of Mr. and Mrs. Philip Hines, 140 Reber Ave., fell at home and lacerated the left side of her forehead.

Linda Redman, 9, daughter of Mr. and Mrs. Richard Redman, Route 1, Stoutsville, lacerated her right wrist on a storm door.

Larry Caldwell, 24, Route 1, Adamsville, while employed by the Pennsylvania Railroad lacerated his head on a boxcar.

Donald Willis, 31, Route 2, Williamsport, sprained his right arm while working at Lincoln Molded Plastics.

Jo Wigglesworth, 8, daughter of Mr. and Mrs. Ernest Wigglesworth, 208 Eastmore Ave., cut her left foot on a piece of wood.

Jennifer L. Berger, 2, of 1038 Mulberry Road, shut a car door on fingers of her left hand.

Carl Tobin, 47, of 361 E. Ohio St., injured his right hand while driving a tractor.

Corn Irrigated With Wine Fails

LISBON, Portugal (AP)—Farmer Floriano Domingues can blame his wife because his corn didn't grow despite irrigation. She hooked up an irrigation hose to a wine deposit instead of a water outlet and pumped 30,000 quarts of white wine on the field. The corn died and now farmer Domingues faces a \$2,000 bill from the wine merchant next door.

WALK-IN ENTRANCE — One of the improvements, readily visible for fairgoers next week, will be the new blacktopped entrance to the Fairgrounds in front of the Coliseum. Charles Rose, Agricultural Society president, said the new entrance will be used for vehicles 51 weeks of the year, but during Fair week will be used for "walk-in admissions only." The entrance can be seen at the far left.

Entertainment at Its Best During Fair's Talent Show

Entertainment at its best is on the menu for Tuesday night during the Pickaway County Fair's annual Talent Contest.

A host of young performers will display their talents throughout the popular program, starting at 8 p. m. in front of the Grandstand. The event, under direction of the Junior Fair Board, will be conducted in conjunction with the King and Queen Contest.

The talent spectacular annually features some of the county's delightful young entertainers. Competition is always at a keen level.

A screening contest conducted this month resulted in the selection of 12 acts which will get a curtain nod on Tuesday night. The performances and participants are:

INTERPRETATION of "Sound of Music" by the Von Trapp Family, a group from the Logan Elm Sunny Sewers; piano solo, Susan Bennett; drum solo, Mickey Hildenbrand; skit, a group from the Senior

Deercreek Livestock Club;

Pantomime, "Let's Get Together" by Sally Minor and Dolores Karshner; piano solo, Laura Writsel; instrumental, group from Walnut Wonder Workers Club; vocal duet, selections from "Mary Poppins" by Kathy Dunkel and Sheryl Hines; Guitar and song, Holiday Parker; hula dance, Jayne Hay; piano duet, Lynn and Vicki Fraunfelter; piano solo, Carol Ann Spangler.

Rules and regulations for the contest are:

1. Contest is open to all youth of Pickaway County from 10 to

Indians To Study Wildlife Management

SANTA FE, N.M. (AP) — Santa Clara Indians, whose fathers knew a great deal about New Mexico game animals, are going to school this week to learn modern game management. A federal antipoverty program is financing New Mexico Game Department instruction.

21 years of age as of January 1, 1965.

2. Each contestant is not to participate in more than two acts.

3. All types of talent are eligible to enter the screen test.

4. Length of act is not to exceed five minutes. The total number of acts participating in final contest held during the Pickaway County Fair will not exceed 12.

5. A screen test will be held at the Pickaway County Fairgrounds. This screening will determine the acts which will appear in the final contest during the county fair.

6. Judges will base their decisions on qualities of the talent, presentation and personal appearance. The decision of the judges will be final.

7. Winners of the final contest will receive the following: 1st place — \$25; 2nd place — \$15; 3rd place — \$10; 4th place — \$5; 5th place — \$5.

The prizes are awarded by the Pickaway County Agricultural Society.

Dueling Bullet Is Fused in Foe's Pistol

CLEVELAND (AP) — Two men, feuding for three months over an auto repair bill, traded shots. One had an old .41-caliber revolver loaded with .38-caliber cartridges. The other had a .32-caliber revolver.

Willie Lee Stovell, 60, was hit in the abdomen and left arm by shots fired by Robert Buford, 33, police said. Another shot was unaccounted for.

Police confiscated both guns. Sgt. Henry Dombrowski of the Cleveland police ballistics unit examined Stovell's old .41-caliber and found a lead mass in the cylinder. He took a second look.

The last shot from Buford's weapon had gone directly down the barrel of the .41-caliber and the lead slug fused with the lead of a bullet inside, Dombrowski said.

The shooting occurred last week.

Burglars in Louisville robbed a drugstore of \$2,000. They gained entry through a private investigator's office next door.

Derby News

Churchgoers in the community are looking forward to the return of Rev. Weinans to the pulpit next Sunday morning after his recent illness.

The Coming Clash

Both major political parties seem to have agreed on the desirability of a Great Society federally supported and socially secured by payroll check-offs. So this should bring an end to controversy. The truth of the matter, however, is that controversy is only beginning.

For one thing, there is going to be a big struggle over whether the Great Society should exist on a beauty standard or a comfort standard.

The beauty standard people are now having their innings. They want to abolish overhead transmission wires in the green countryside. They are against the use of coal and oil to make electric power, for coal and oil create noxious fumes that pollute the atmosphere to the point where merely breathing in New York or Chicago for twenty-four hours is equivalent to smoking two packs of cigarettes a day. They want to keep factories from dumping waste in streams, and they want to pump the dirty water out of Lake Erie and fill the place up again with clean water that will support self-respecting fish.

Well, this columnist has nothing against the beauty standard. He would like to live in a world in which everything looks like the Grand Tetons or the gardens at Versailles. But life is compromise and there are points where the beauty standard and the comfort standard clash head-on.

I became acutely aware of this the other day when I took some problems to a friend who works for a big power com-

pany. He was in a lugubrious "you can't win" mood. A little old lady in tennis shoes had sacrificed him for wanting to run some high-tension wires across the landscape in full view of her house. He tried to explain to the little old lady that the business of putting those wires underground from a power plant at the coal mine mouth to the big cities of the East Coast would make the land look like a strip mine operation for months on end and would raise the cost of electricity to the point where people would have to go back to candles and coal oil lamps. Would the little old lady like that?

Thinking of a compromise that might suit the little old lady, my friend said the beauty criterion might be met if electricity were to be generated in cities by atomic power. Oh, no, said the little old lady; that would be too dangerous, and besides, where are you going to dump all the radioactive wastes? And coal and oil burned in the city would give everybody emphysema. At this point my power company friend thought we might all be better off if we were to go back to the cave. Only there aren't enough caves to go around.

Most of us want beauty without going back to the days of the coal oil lamp, which wasn't so beautiful, after all. The fact that the beauty standard quarrels with the comfort standard in each of us in varying degrees means the beginnings of a new politics, not the cessation of all politics.

By John Chamberlain

Oh, we are going to see some bitter fights! Those chemical companies that pollute the streams make things which people want. Can we afford to add the cost of clear streams in to the price of chemicals? How much are Cleveland and Toledo willing to pay for purging Lake Erie? If anyone can give us a line on problems like these, we'll begin to know something about the contours of Phase Two of the Great Society.

It's too bad that the issue of beauty versus comfort is going to become bone and tissue of our politics. For there is no guarantee that our rulers will be adepts of the fine arts or respecters of the right of individuals to form their own tastes. It is said that Augustus Caesar found Rome a city of brick and left it a city of marble. But the Romans who came after Augustus felt themselves stifled by the sterile pomp of an officially beautified capital. Pericles spent a lot of money on beautifying ancient Athens. But Pericles drained the individual Athenians of their will, and what happened to Greece after his passing is a lesson for all of us.

As for me, I'd like to see some improvement in the Small Society. I wish the loud who used his knife to girdle one of my trees the other day would go back to school and study something about tree physiology. How are you going to get a Great Society in a world full of ghouls?

My husband says he is only hard of hearing, but he really is so deaf that I find myself shouting to be heard. I have become more irritable each day. Finally, after a much pleading, he decided he will try a hearing aid. How do we go about finding the best one for him?

Mrs. M.L.G., New York

Dear Mrs. G.: I have never understood why some people insist that they are "hard of hearing" and resent being told that they are deaf. Perhaps they falsely believe that deafness is a stigma or a shame.

If a person cannot hear normal conversation or the television or the radio which is at comfortable levels for others, or if he cannot hear at the movies and the theatre, then he is deaf. Calling deafness by other names only serves to delay seeking and receiving help for this impairment.

It is a misconception to feel that one is more acceptable if one is not wearing a hearing aid. There is no greater burden in communication than the need to shout to be heard.

There is an excellent way to induce the reluctant to seek help. Talk softly rather than shout. This will help them to realize that they have obligations to the people who surround them, as well as to themselves. This method usually serves to bring the problem out into the open where it can be realistically solved.

You and your husband have made the first step in his rehabilitation process by deciding to do something. Here are the steps to be taken to find maximum hearing benefits.

1. Ask your family physician to refer you to an ear, nose and throat specialist to learn the cause and the particular kind of deafness.

2. Examination of the hearing is done with tuning forks AND with an audiometer. The exact percentage of hearing loss cannot be given in numbers.

3. After such an examination the ear specialist might feel that the condition can be remedied by surgery. There are now some remarkable operations for deafness of a particular type, called "otosclerosis."

4. If a hearing aid is the only way to help your husband's problem, he will then be referred to a reliable hearing aid dealer for the choice and fitting of a hearing aid.

5. The American Hearing Society has branches all over the

Letter To The Editor

To the Editor:

Not too long ago a friend and I went for a ride and happened to go out Route 188.

But what I thought would be an enjoyable evening turned out to be a night of sadness. At first I saw a huge pool of blood immediately before me on the road and then, just ahead, a beautiful German Shepherd dog covered from head to foot with its own blood.

The dog was obviously dead and had no particular connection with me or my family. But somehow I can't help but shed a tear for a poor dumb animal that was slaughtered by a driver who probably pretended he didn't even see the dog.

I would imagine the driver drove on home, went to bed, slept very soundly, and the next morning all was forgotten. Yet, how could someone forget such a thing? The dog was as big as a 4-year-old child and surely any motorist would know when he had struck a child.

What if this hit-and-run accident had involved a young child rather than this dog? Can the guilty party truthfully say that he would have stopped if it had been a young child that he had hit?

I feel it is not only the responsibility, but also the moral duty of any human being to at least check with the owner of a stricken animal before driving off and leaving it to suffer or remain in the middle of the road for days.

I make a plea to all motorists to act as God would wish you to in such a situation. Man is far superior to the animal in intelligence. Make it appear that way.

CATHY WARDELL

Dear Sir:

Next Monday, Aug. 2, the American Red Cross Bloodmobile will visit Circleville again. It will be at the Methodist Church from 11 a.m. to 5 p.m. As a community we are far

short of meeting our blood quota for this year.

How many parents realize that if one of their children, or any other member of the family, should need blood to save their life no amount of money would provide this blood? It could only be available because someone took the effort to donate a pint of blood for an anonymous recipient.

People often feel that they do not have the time and money to support many worthy causes. The cause of helping to save a life is certainly worthwhile. Most importantly, it takes just an hour of a person's time and it costs nothing.

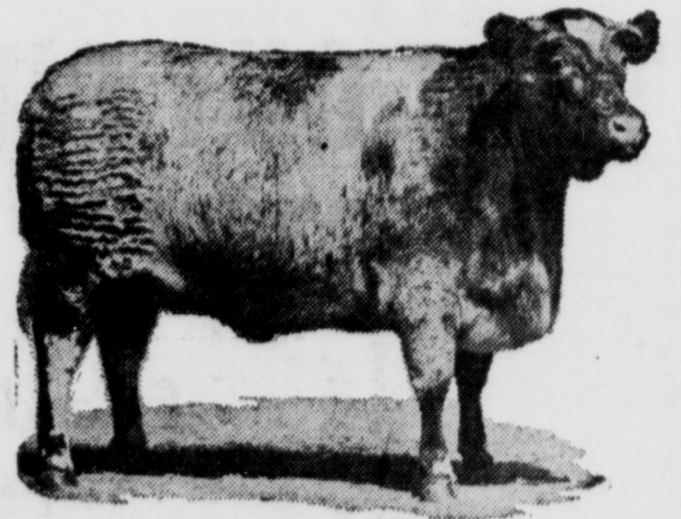

Many citizens are faithful blood donors. But where is the rest of industry, the businessman, the farmer, the homemaker, and the college student? Everyone in the community should share the responsibility for seeing that Circleville meets and exceeds its blood quota.

NEW YORK (AP) — The sinews of American might — steel, nonferrous metals, oil, chemicals — are performing at top form. Major companies in these fields are reporting peak production and sales. And most of them are flexing their profits.

With few exceptions, the basic suppliers to American industry are reporting impressive gains in net income in the second quarter of 1965 compared with the like period of 1964. This maintains the spread that brightened the first three months of this year.

In the three months just ended steel companies translated record shipments into profit figures to delight stockholders. Among those reporting so far U.S. Steel netted \$81 million, up \$20.3 million from the \$60.7 million in the 1964 second quarter; Republic \$24.4 million up from \$17.7 million; National, \$24.4 million from \$20.6 million; Armco, \$24 million from \$18 million.

Producers of nonferrous metals and their products also have been prospering on increased demand, fed both by the business boom and war threats. Kennecott Copper reports second quarter profits of \$27.9 million against \$21.5 million a year ago; Magma Copper \$4.6 million against \$4.5 million.

Aluminum Co. of America compares a \$22.4 million second quarter with a year ago figure of \$17.9 million. Kaiser Aluminum & Chemical reports \$11 million this year against \$7.5

million last. And Reynolds Metals has a \$15-million second quarter this year against a \$9-million one in 1964.

Oil profits have been flowing freely, thanks to steadily growing civilian and military use. Ahead this April-June quarter over last year are: Gulf Oil,

Mr. and Mrs. Ernest S. Sanderson of Newton, Kan., visited their aunt, Mrs. Edna Shasteen, Elm Ave., the past week and were honored with a family picnic dinner at Ted Lewis Park.

TWENTY-FIVE YEARS AGO
Nearly 500 persons met at the Teegardin Farm, near Ashville, to participate in the Ohio Short-horn picnic.

First totals taken by the Pickaway County Conservation office showed that 55 loans amounting to nearly \$17,000 had been made including those granted to wheat growers who had planted within their 1940 wheat allotment.

The national Public Works Administration reported it had spent \$912,815 in Pickaway County since its origin seven years ago.

By Sam Dawson

\$104 million, up \$13 million over the year ago figure; Socony Mobil, \$78 million, up by \$7.5 million; Shell, \$60.4 million, up by \$13.8 million; Indiana Standard, \$49.4 million, up by \$5.6 million; Phillips, \$34 million, up by \$3.6 million; Cities Service, \$24.2 million, up by \$7.4 million or 43 per cent; Sun Oil, \$20 million, up by \$5 million; Sinclair, \$17 million, up by \$7.6 million.

Most chemicals show second quarter gains this year. But the largest, Du Pont, shorn of its GM stock dividends now, trails by \$2.39 a share in 1965 against \$2.61 a year ago.

Ahead are: Union Carbide, with \$57 million in this year's second quarter against \$45 million in 1964; Monsanto, \$38.8 million against \$35.3 million; Dow, \$30 million against \$27.7 million; Allied \$24 million against \$23 million; Olin Mathieson, \$16 million against \$13.5 million.

Will the gains continue the rest of the year? Steel companies say even some slackening couldn't spoil 1965's final figures. Oil concerns see conditions still improving. Chemicals express confidence in the rest of the year.

Viet Nam holds uncertainties but few threats for most companies — these suppliers to civilian industry also service the military.

WHAT'S SO FUNNY?—Attending a ceremony at the State Department in Washington, Secretary of State Dean Rusk laughs heartily as something strikes him funny.

The World Today

By JAME. FARLOW
Associated Press News Analyst
WASHINGTON (AP) — This was the week that was almost incredible for combined presidential action and congressional achievement, when judged against other weeks and even other years.

The President talked to the nation, upped the war in Viet Nam, conferred and consulted, created a crime commission and made a number of appointments of far-reaching importance.

Congress approved some measures which just a few years ago would have seemed impossible of passage.

Every day since the middle of last week President Johnson had been conferring with his advisers on how to cope with the advancing tide of guerrillas in Viet Nam.

In the midst of the conferences things popped and got bigger.

Monday Johnson appointed a 19-man commission to study crime in America and also named Rep. Oren Harris, Arkansas Democrat, to be a federal judge in the U.S. District Court in his home state.

The next day, Tuesday, Johnson signed a bill requiring cigarette packages to carry a health warning. And, to everyone's surprise, he selected Secretary of Welfare Anthony J. Celebrezze, who got his job from President John F. Kennedy in 1962 after he had been mayor of Cleveland five times, to be a judge of the U.S. Court of Appeals in Ohio.

To his cabinet post Johnson named John W. Gardner, Republican, educator, writer and president of the Carnegie Corporation. And for Wednesday, Johnson called a news conference to talk about Viet Nam.

At the news conference he first disclosed that he was sending 50,000 troops to Viet Nam immediately to join the 75,000 already there and was increasing draft calls. Then he warned of more troops being sent and said the United States was determined to stop the guerrillas. At the same time he urged peace talks. This was all carefully prepared and delivered.

But so was what followed: The two big surprises of the day.

1. He was naming a friend of

30 years, attorney Abe Fortas, to the Supreme Court to succeed Arthur J. Goldberg who was plucked off the court by Johnson to succeed the late Adlai E. Stevenson as U.S. ambassador to the United Nations.

2. He had chosen John W. Chancellor, NBC's chief White House correspondent, to be director of the Voice of America.

Thursday, the President briefed governors on the Viet Nam situation.

Meanwhile, Congress was doing things which will remain memorable in American history and in other years would have seemed sensational not only for their nature but for being lumped all into one week.

Johnson has been so adroit at getting the men in the Capitol to approve what he wants that much of the history-making legislation going through Congress this year seems taken for granted.

This week Congress gave a final okay not only to changes and improvements in Social Security but for the first time created a program of medical care for people 65 or older.

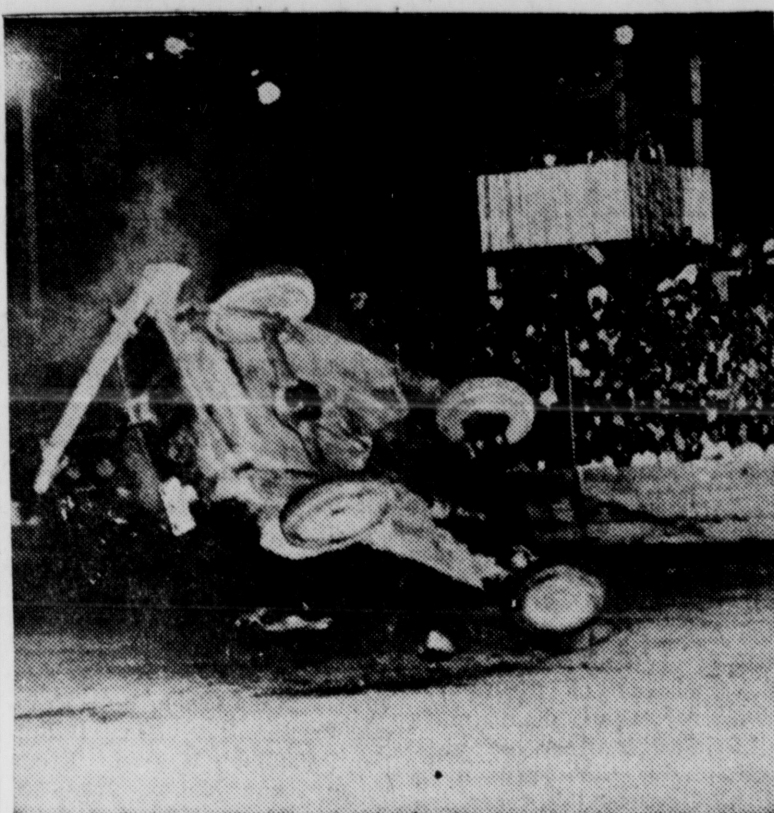

This medical care program, opposed by various forces for two decades, is the most sweeping advance in the social welfare field since Social Security itself was established by Congress in 1935.

On top of this a House and Senate Conference Committee, set up to iron out differences between both bodies, approved a bill to protect Negroes' voting rights in the South, one of the most important civil rights measures in history.

Final, formal approval by both houses will be routine. In agreeing to the bill, the committee knocked out a controversial section banning poll taxes in state and local elections.

Congress also this week approved a four-year, \$7.5-billion housing and urban development bill which includes rent subsidies for low-income families. It now goes to Johnson to be signed into law.

In addition, the Senate passed flood control bills, which the House is expected to approve, and the House knocked out a section of the federal labor law that permits states to ban union shops. This won't be final until the Senate acts. There may be a fight there.

LONDON (AP) — A 300-ton topsail schooner being built for the sail training association will be named "Sir Winston Churchill."

Lady Churchill has agreed to the use of her late husband's name and has sent her good wishes.

"There can be no better way to perpetuate the memory of this great Englishman than by helping to provide the opportunity of adventure to the youth of our country," said Hugh Goodson, chairman of the association.

Youths between 16 and 21 can ask to sail before the mast on the schooner which may be ready by March, 1966.

Prickly Juniper Trees May Foil Park Vandals

RENO, Nev. (AP) — The Reno Park Commission thinks it has the answer to vandals who have been uprooting and sawing away juniper trees on a business district street. The commission is planning spiny Greek blue junipers to replace the present Hollywood junipers.

"They're very prickly," says Supt. Bruce Clogston. "Anybody would get his hand out in a hurry."

Dear Abby: By Abigail Van Buren

Questions, but No Answers

DEAR ABBY: I have it on a good authority that a certain girl from Houston, Texas went to the Edna Gladney Home For Unwed Mothers in North Worth from September 1963 until January 1964. I further understand that she went there through your suggestion and arrangements. How can I find out whether she kept her baby or not? This is important. Enclosed is a check for your trouble. If you do not accept money, please donate it to your favorite charity. Thank you very much.

NO NAME PLEASE
DEAR NO NAME: All correspondence and information between those seeking help through this column and me is strictly confidential. I do not accept money and am returning your generous check.

DEAR ABBY: Doug and I haven't been married very long. We both work but are saving our money for a lot of things we need so we're on a very tight budget. We don't believe in accepting invitations unless we can pay back, and when we invite people for supper we expect to furnish the eats. Well, Doug has a married sister who is very generous with her supper invitations, but this is what she does. She'll call Doug at work and ask him to pick up a few items for the supper. It's a six-pack of beer, a quart of ice cream, some potato chips, a pound of butter or some coffee or something like that. These items are not very expensive, but they all add up. She never once offered to pay him for anything. Should we quit going to her house for supper? She must think money grows on trees.

CAN'T AFFORD HER
DEAR CAN'T: Money doesn't grow on trees, but lemons do. And you picked one for a sister-in-law. Let Doug tell her you can't afford her kind of hospitality.

DEAR ABBY: What is the matter with people? We have two daughters, two years apart, who are both now in their teens. One is very much prettier than her sister, and the not-so-pretty one is getting a complex about it. When people (our adult friends) meet the girls for the first time, they rave about how beautiful the one girl is right in front of both girls! I don't like the idea of telling our friends beforehand not to make any comparisons in the girls' presence, but that seems to be the only answer. How can this be tactfully done? Or would it be too insulting to instruct people as to what to say and what not to say when meeting your children?

TROUBLED MOTHER
DEAR MOTHER: If you have any doubts about the judgement of your adult (?) friends before introducing them to your children forewarn your friends. Those who have more sense than to make comparisons will not be offended. And those who haven't should be tipped off.

DEAR ABBY: I am in the worst predicament of my life. First of all, let me say that I am stationed at an Army base. I wrote two letters last week. One to my wife and the other to my girl friend. Last night my girl friend called me long distance to tell me she had received a letter from me—only it was the one meant for my wife. She was pretty mad. I had unwittingly gotten the two addresses reversed. I am going home on leave in a few days. What do you suggest I do if my wife acts the way I think she will?

HANDLOOMED SILK — A center for India's handcraft and handloom products has been established recently in New York City. It makes available for the first time a fine sampling of the work of a people rich in the heritage of handcraft, providing work for about ten million persons who hand-loom and produce the silk. A fascinating collection of scarves has been made from these fine silks and may be molded into enchanting blouses without cutting them up. If a bit of fitting is needed at the waistline it can be accomplished with a needle and thread as silk drapes easily. Pictured, inspired by the traditional sari, this colorful blouse is draped over one shoulder and bares the other.

Polar Bear Population Under Study

TROMSOE, Norway (AP) — If you don't watch out you'll trip over a polar bear in the main street of this arctic town.

He won't bite. The bear — stuffed — stands on the sidewalk outside a souvenir shop selling the skins of bear, reindeer, arctic fox and seal.

This fishing port, 250 miles above the Arctic Circle, is the starting point for bear-hunting expeditions to Spitsbergen. Professional hunters go in winter. In summer there are guided polar safaris for well-heeled trophy hunters.

Are the hunters taking too great a toll? Is the polar bear in danger of extermination?

Some alarmed conservationists think so. A five-nation meeting has been called for Sept. 8-11 in Fairbanks, Alaska. Delegates will discuss ways to count the bears and preserve remaining stock. These countries, Canada, Denmark (Greenland), Norway, the Soviet Union and the United States, control the haunts of the polar bear.

One problem is that nobody really knows how many bears there are. The harsh climate of their habitat and their migratory habits make them difficult to count.

Most of the pelts of bears shot in Spitsbergen come to Sigurd Storstad to be dressed.

Most prized are the winter pelts because they are thicker. A good one will cost you \$500 here. Mounting with a snarling head is extra.

A medium quality unmounted skin costs up to \$200 — if you come this far north to get it. Retail prices in the big cities are considerably higher.

The bears live on the pack ice drifting south in the winter. They trek back north in the summer.

Catches have been increasing. Last winter two Norwegian hunting groups killed 400 bears. They used snow scooters and set guns, triggered by the bears touching trip wires. Sealers in the Barents Sea and Denmark

Even Reds Use Yankee Radio Setup

BERLIN (AP) — The air above Germany remains undivided and even a Russian has been known to use it to send personal greetings.

It's all done over a radio station the Communists call the "agents' radio." But that did not prevent a Russian soldier from writing in to a listeners' message exchange program.

"Tell Panjinka I send her my regards," he wrote. He said his sweetheart lived near a Soviet garrison town in the Lausitz area of East Germany. He added he was now back home in the Urals.

The radio is RIAS — Radio in the American Sector of Berlin — which is sponsored by the U.S. Information Service.

Dr. Horst Kirstaedter, chief of the press and listener divisions at RIAS, said the station averages 27,000 to 30,000 listener letters of all types each month, with 2,000-3,000 of them from East Germany, East Berlin and Germans living in Polish or Soviet-administered territories.

Kirstaedter says RIAS programs are widely listened to in the Soviet Union itself, "especially our popular or jazz music shows."

The messages involving people in the East use nicknames and partial addresses that the intended listener will understand.

Strait killed a large number. The average annual catch in northern Greenland is 65, about 600 in the Northwest Territories of Canada and 160 in Alaska.

The Board of Supervisors ordered the facility closed after voters rejected a \$550,000 bond issue to build a county old people's home. The last 14 inmates were transferred to other facilities.

yes
is the word that means savings
at your Plymouth Dealer's

He's giving year-end savings on all '65 Plymouths. He's saying yes to the best deal on Fury, Belvedere, Valiant and Barracuda.

Get the Plymouth you want and get high trades, best terms, big year-end savings; plus something neither Ford nor Chevrolet can give you—a 5-year/50,000-mile warranty* on the parts that keep you going.

*HERE'S HOW PLYMOUTH'S 5-YEAR/50,000-MILE ENGINE AND DRIVE TRAIN WARRANTY PROTECTS YOU: Chrysler Corporation confidently warrants all of the following vital parts of its 1965 cars for 5 years or 50,000 miles, whichever comes first, during which time any such parts that prove defective in material and workmanship will be replaced or repaired at a Chrysler Motors Corporation Authorized Dealer's place of business without charge for such parts or labor: engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excepting manual clutch), torque converter, drive shaft, universal joints, rear axle and differential and rear wheel bearings. Required maintenance: The following maintenance services are required under the warranty—change engine oil every 3 months or 4,000 miles, whichever comes first; replace oil filter every second oil change; clean carburetor air filter every 6 months and replace it every 2 years; and every 6 months furnish evidence of this required service to a Chrysler Motors Corporation Authorized Dealer and request him to certify receipt of such evidence and your car's mileage. Simple enough for such important protection.

Polar Bear Population Under Study

TROMSOE, Norway (AP) — If you don't watch out you'll trip over a polar bear in the main street of this arctic town.

He won't bite. The bear — stuffed — stands on the sidewalk outside a souvenir shop selling the skins of bear, reindeer, arctic fox and seal.

This fishing port, 250 miles above the Arctic Circle, is the starting point for bear-hunting expeditions to Spitsbergen. Professional hunters go in winter. In summer there are guided polar safaris for well-heeled trophy hunters.

Are the hunters taking too great a toll? Is the polar bear in danger of extermination?

Some alarmed conservationists think so. A five-nation meeting has been called for Sept. 8-11 in Fairbanks, Alaska. Delegates will discuss ways to count the bears and preserve remaining stock. These countries, Canada, Denmark (Greenland), Norway, the Soviet Union and the United States, control the haunts of the polar bear.

One problem is that nobody really knows how many bears there are. The harsh climate of their habitat and their migratory habits make them difficult to count.

Most of the pelts of bears shot in Spitsbergen come to Sigurd Storstad to be dressed.

Most prized are the winter pelts because they are thicker. A good one will cost you \$500 here. Mounting with a snarling head is extra.

A medium quality unmounted skin costs up to \$200 — if you come this far north to get it. Retail prices in the big cities are considerably higher.

The bears live on the pack ice drifting south in the winter. They trek back north in the summer.

Catches have been increasing. Last winter two Norwegian hunting groups killed 400 bears. They used snow scooters and set guns, triggered by the bears touching trip wires. Sealers in the Barents Sea and Denmark

Even Reds Use Yankee Radio Setup

BERLIN (AP) — The air above Germany remains undivided and even a Russian has been known to use it to send personal greetings.

It's all done over a radio station the Communists call the "agents' radio." But that did not prevent a Russian soldier from writing in to a listeners' message exchange program.

"Tell Panjinka I send her my regards," he wrote. He said his sweetheart lived near a Soviet garrison town in the Lausitz area of East Germany. He added he was now back home in the Urals.

The radio is RIAS — Radio in the American Sector of Berlin — which is sponsored by the U.S. Information Service.

Dr. Horst Kirstaedter, chief of the press and listener divisions at RIAS, said the station averages 27,000 to 30,000 listener letters of all types each month, with 2,000-3,000 of them from East Germany, East Berlin and Germans living in Polish or Soviet-administered territories.

Kirstaedter says RIAS programs are widely listened to in the Soviet Union itself, "especially our popular or jazz music shows."

The messages involving people in the East use nicknames and partial addresses that the intended listener will understand.

Strait killed a large number. The average annual catch in northern Greenland is 65, about 600 in the Northwest Territories of Canada and 160 in Alaska.

Treasure Stored In Deep Tunnel

TAIPEI (AP) — A tunnel deep in rocky hills forms part of the National Palace Museum being built in suburban Taipei to house the priceless treasures which the Chinese Nationalists brought to Formosa from mainland China.

The tunnel, which the architects say will be bomb-proof, will be 480 feet long, 8 feet wide and 9 feet high.

The four-story museum will be dedicated on the 99th anniversary of the birth of Sun Yat-sen, founder of the Republic of

Old Folks' Home Set To Wind Up Operations

DECATUR, Ill. (AP) — The county-run Macon Acres Nursing Home, in operation about 100 years, has discharged its last 14 patients and is ready to end its operations.

The Board of Supervisors ordered the facility closed after voters rejected a \$550,000 bond issue to build a county old people's home. The last 14 inmates were transferred to other facilities.

China, Nov. 12. This will be observed as Sun's centennial because the Chinese consider a person a year old at birth.

yes
is the word that means savings
at your Plymouth Dealer's

He's giving year-end savings on all '65 Plymouths. He's saying yes to the best deal on Fury, Belvedere, Valiant and Barracuda.

Get the Plymouth you want and get high trades, best terms, big year-end savings; plus something neither Ford nor Chevrolet can give you—a 5-year/50,000-mile warranty* on the parts that keep you going.

*HERE'S HOW PLYMOUTH'S 5-YEAR/50,000-MILE ENGINE AND DRIVE TRAIN WARRANTY PROTECTS YOU: Chrysler Corporation confidently warrants all of the following vital parts of its 1965 cars for 5 years or 50,000 miles, whichever comes first, during which time any such parts that prove defective in material and workmanship will be replaced or repaired at a Chrysler Motors Corporation Authorized Dealer's place of business without charge for such parts or labor: engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excepting manual clutch), torque converter, drive shaft, universal joints, rear axle and differential and rear wheel bearings. Required maintenance: The following maintenance services are required under the warranty—change engine oil every 3 months or 4,000 miles, whichever comes first; replace oil filter every second oil change; clean carburetor air filter every 6 months and replace it every 2 years; and every 6 months furnish evidence of this required service to a Chrysler Motors Corporation Authorized Dealer and request him to certify receipt of such evidence and your car's mileage. Simple enough for such important protection.

New King, Queen Are Due To Reign at Pickaway Fair

The adult citizenry of Pickaway County will have an opportunity to see its flowering youth on display during Tuesday night's King and Queen event at the County Fair.

Competing for the coveted honors will be eight boys and eight girls. They represent all sections of the county.

A king-queen combination will be named after the handsome and attractive candidates parade before the judges, starting about 8 p. m. at the Fairgrounds Grandstand. The annual selection will be held in conjunction with the Fair's Talent Contest.

Naming of the 16 finalists was conducted earlier this month by a Junior Fair committee. Each youth organization in the county was eligible to enter one boy and one girl candidate.

SELECTION of the finalists required considerable close judging during the screening activity, according to the Junior Fair panel.

The new king and queen will succeed Page Miller and Larry Vance, the royal pair that held sway over the 1964 Fair. Miss Miller is the daughter of Mr. and Mrs. Don Miller, Route 1, and Vance is the son of Mr. and Mrs. Chaney Vance, Route 2, Orient.

King candidates, their parents and addresses are:

Willis Conley, Mr. and Mrs. Willis Conley, Route 1, Mt. Sterling;

Alan Dill, Mr. and Mrs. David Dill, Route 1, Ashville;

Jim Garrett, Mr. and Mrs. Mos'yn Garrett, Route 3, Mt. Sterling;

Tom Hamman, Mr. and Mrs. George Hamman, Route 2, Williamsport;

Ray Mowery, Mr. and Mrs. George Mowery, Route 3, Circleville;

Drexel Poling, Mr. and Mrs. Sterling Poling, Route 4, Circleville;

Warren Kinsell, Mr. and Mrs. Warren Kinsell, Canal Winchester;

Larry Pontius, Mr. and Mrs. James Pontius, Route 1, Circleville.

Queen contestants, parents and addresses are:

Linda Bowers, Mr. and Mrs. Richard Bowers, Circleville;

Jayne Hay, Mr. and Mrs. Jay Hay, Route 1, Ashville;

Brenda List, Mr. and Mrs. Luther List, Route 1, Circleville;

Joyce Long, Mr. and Mrs. Paul Long, Route 1, Williamsport;

Linda Minor, Mr. and Mrs. Lloyd Minor, Route 2, Ashville;

Kathy Reese, Mr. and Mrs. Charles Reese, Route 2, Ashville;

Linda Wisecup, Mr. and Mrs. Orin Wisecup, Williamsport;

Vicki Sykes, Mr. and Mrs. James Sykes, Route 2, Williamsport.

WORLD'S FAIR VISITORS — During their recent visit to the New York World's Fair, Sheriff and Mrs. Dwight Radcliff and children (left to right), Vicki, Dug and Robbie, enjoyed a ride on the AMF Monorail. The ride is one of the principal attractions of the Fair. The family spent a week and a half touring the East Coast. The Radcliffs are seen here in front of the Monorail entrance.

Her Husband Lost Heavily

JOHANNESBURG (AP) — Johannesburg used car dealers are nothing if not imaginative. One told a prospective customer why a car advertised for sale was so cheap — and swore the story was true.

He caded at a house where the car was advertised in roadworthy condition for \$14.

It's in the back," said the woman who answered the door. He came back after a few minutes and told the woman: "There must be some mistake. The only car in the back is worth every cent of \$2,800.

"There's no mistake," said the woman. "It's my husband's. Last week he ran off with another woman.

"He wrote and told me to sell the car and send him the money."

Radiation After-Effect Is Still under Study

HIROSHIMA, Japan (AP) — Every year, on Aug. 6, the city of Hiroshima solemnly places a list of new names under the cenotaph which honors thousands who died from effects of the atom bomb.

Temple bells toll, doves wheel in the air and citizens of the first city to feel the lash of an atomic weapon bow their heads in prayer.

Most of the new victims are popularly described as struck down by "atomic disease," a term used for leukemia or some other form of cancer.

But the truth is that despite research carried out by Japanese, American and European doctors and scientists on the effects of radiation from the Hiroshima bomb, no one can say positively that it causes or accelerates disease in humans.

Statistically, doctors and scientists have found that the incidence of some diseases like cancer is much higher in persons exposed to the bomb. Despite this it has so far been impossible to say beyond doubt whether radiation caused, encouraged or had nothing to do with these diseases.

As a more positive fact, American researchers in the Atomic Bomb Casualty Commission say they have found that no genetic damage from radiation has been passed on to children of survivors.

This conclusion was reached by Dr. James Neel of the University of Michigan. He examined all children born to bomb victims in Hiroshima and the second atom-bombed city, Nagasaki, in one year, from 1947 to 1948. Using genetic markers, he found no disturbances.

"That is something we can be very cheery about. We like to think of it as one of the best things we have done," said Dr. Kenneth B. G. Johnson of Yale University, now in residence at the commission.

The commission has carried out many studies related to the bomb since 1947. It is jointly supported by the U.S. National Academy of Sciences-National Research Council and the Japanese National Institute of Health, a government agency. It has 850 Japanese and 50 American staff members.

Headed by Dr. George Darlington of Yale, the commission is making an exhaustive survey of 100,000 persons, half of them exposed, the other half not exposed to the bomb. Matched by sex and age, they are periodically checked for survival experiences and causes of death.

It is also studying a sampling of 20,000 exposed and nonexposed children and adults to determine whether there has been any change in the occurrence of disease in relation to the amount of exposure. They get detailed physical and laboratory examinations every two years.

Army To Abandon Its Mauler Missile Setup

WASHINGTON (AP) — The Army has decided to abandon the Mauler air defense missile project on which it has spent \$200 million. It estimated that another \$180 million would have been needed to complete development.

"Technical difficulties associated with mounting a fire control radar and guided missile launcher on the same vehicle caused significant delays and increased costs," the Army announced Wednesday.

Growth Through Fellowship

HOW THE CHRISTIAN'S MANNER OF LIVING AFFECTS THOSE AROUND HIM

Scripture—Romans 14; I John 1.

By R. H. RAMSEY

DEEPLY concerned over the weakening of fellowship bonds among the Christians at Rome, Paul uses their problem to tell us, centuries later, that we, too, need to be on guard against those same tendencies which would rupture our own fellowship bonds with other men and, ultimately, with Christ.

It is important that all Christians recognize their oneness in Jesus Christ, for He is the common bond between Christians and between churches. Realization of this fact makes us better fitted to walk together in Christian love and avoid self-righteous attitudes which lead to misunderstanding and discord.

In Romans 14 Paul treats of two subjects bearing upon relationship to others in the matter of moral conduct, pointing out the need for tolerance and charity, and the further need for kind consideration on the part of the strong for the weak. From his statements here we see that mutual tolerance was

we must remember that Christ died for all men, not just a privileged few. We cannot regulate our lives with utter disregard for our fellowmen, for if only one of God's children suffers by our actions, our desires and appetites are morally wrong, and we destroy the work of God.

Therefore, we must "follow after the things which make for peace, and things wherewith one may edify another." A Christian must be conscious of all his actions, knowing that what he does affects his brother. To be worthy of fellowship with Christ, the Christian must promote the peace of that fellowship among men, and, in so doing, he advances the upbuilding of the Christian community.

The lesson passage from I John begins the Apostle's love letter to the great family of God and, as such, contains many words denoting this family relationship. Its main theme is fellowship among Christians and fellowship with the Father and the Son, both made possible by

lacking among Christians in Paul's time, much as it is today.

Christians should neither criticize nor condemn other Christians for habits of diet or observance of certain days which they consider religiously necessary. Every man should be fully persuaded in his own mind that he is doing right, for no man lives or dies alone and each shall give an account of himself to God.

Now Paul turns to his second argument in which the main line of his attack puts further obligations upon the strong converts. Rather than treat converts still clinging to old ways with contempt, they must exercise influence over them through love, for the eating of certain foods and the observance of certain days are custom and not, of themselves, evil. A man obeys his conscience in such matters and it should be respected and defended, for conscience is a great gift from God and must not be abused.

As Christians we inherit the spiritual liberty which Christ won for us on the Cross. But

the Lord Jesus Christ, Christians have been called into the fellowship of the Son of God and through Him they come to the Father and have the Holy Spirit dwelling in them.

It is a fellowship which commits the child of God to a life of holiness, meaning "walking in the light, as He is in the light, having fellowship with one another, and the blood of Christ to cleanse us from all sin."

The cleansing effect is not a cause, but a consequence of walking in the light, concealing nothing as we confess our sins. Such confession is never rendered without cost.

It means pain and humiliation, and is itself a sure sign of the genuineness of our sorrow for our sins. Because this is so, it is followed by divine forgiveness and divine cleansing. This cleansing is a continually present fact in the life of every believer, whereby he is knit still more closely in the fellowship with Christ which stimulates his growth as a Christian.

Employment Of Minors Is Policed

COLUMBUS, Ohio (AP) — Ohio's Industrial Relations Director William O. Walker says that "if the my violations of Ohio's minor labor laws are continued throughout the state" court action will be taken in certain cases.

Walker said stepped-up employment of adults in industry led to construction accidents and other types of injuries not normally reported for minors. Employers have been hiring minors when they could not get adults, he explained.

Ralph S. Forster, chief of the department's Division of Women and Minors and Minimum Wage, said many instances had been found of youths between 16 and 18 operating power-driven meat slicers and grinders, and cited the case of a 17-year-old whose hand was cut off in a meat grinder. Forster said the employer will be prosecuted.

Among other violations cited were permitting an employee under 18 to operate a motor vehicle, and "flagrant" abuses of hours of employment for minors.

Growth Through Fellowship

HOW THE CHRISTIAN'S MANNER OF LIVING AFFECTS THOSE AROUND HIM

Scripture—Romans 14; I John 1.

By R. H. RAMSEY

DEEPLY concerned over the weakening of fellowship bonds among the Christians at Rome, Paul uses their problem to tell us, centuries later, that we, too, need to be on guard against those same tendencies which would rupture our own fellowship bonds with other men and, ultimately, with Christ.

It is important that all Christians recognize their oneness in Jesus Christ, for He is the common bond between Christians and between churches. Realization of this fact makes us better fitted to walk together in Christian love and avoid self-righteous attitudes which lead to misunderstanding and discord.

In Romans 14 Paul treats of two subjects bearing upon relationship to others in the matter of moral conduct, pointing out the need for tolerance and charity, and the further need for kind consideration on the part of the strong for the weak. Agricultural Achievement Display Is Society's Goal

A successful Fair representative of adult and youth achievements alike is the objective set each year by the Pickaway County Agriculture Society.

Those serving as members of the Society expound much energy in reaching this goal. Their efforts are devoted to showing the excellent quali-

ties of agriculture in Pickaway County.

Heading the Agriculture Society is its board of officers and directors. Re-elected president this year was Charles Rose of Deercreek Twp.

Also re-elected to officer posts were Wayne Brown Jr., vice president; Richard C. Shaw, treasurer; and William L. Cook, secretary-manager.

FUNCTIONS of the Society are carried out by 21 directors and nine ex officio board members.

Directors are elected by members of the Society. Membership is open to all residents of Pickaway County at a cost of \$2 per year.

Membership entitles admission to the Fair and voting privileges. Balloting for new directors is held in the latter part of each year when seven new officials are named to serve three-year terms.

Present members of the board whose terms expire Jan. 1, 1966 are: Robert Dick, Richard Shaw and Dr. F. P. Dunlap, Circleville; J. B.

Stevenson, Wayne Twp.; Robert Collins, Saltercreek Twp.; Wayne Brown Jr., Madison Twp.; Robert Young, Pickaway Twp.

Directors whose terms expire Jan. 1, 1967 are: Glenn McCoy and Wayne Martin, Circleville; Ralph McDill, Circleville Twp.; Mostyn Garrett, Darby Twp.; Lloyd Minor, Jackson Twp.; Robert Baum, Harrison Twp.; Emmerson Brown, Walnut Twp.

Those whose terms expire Jan. 1, 1968 are: Dale DeLong and James Ford, Circleville; Ross Bidwell, Scioto Twp.; Harley Evans, Perry Twp.; Kenneth Shell, Monroe Twp.; Charles Rose, Deercreek Twp.; Francis Clark, Muhlenberg Twp.

Ex officio members are County Commissioners Lloyd Melvin, Wayne Hines and Charles Morris, County Extension Agent George Hamrick, County Superintendent of Schools George McDowell, Superintendent of City Schools Fritz Jacobs, Future Farmers of America advisers Paul Ewing and Gene Houser and Russell Palm.

Jr. Youth Camp Now In Progress

South Central District of the Churches of Christ in Christian Union annual Junior Youth Camp at the Mount of Praise Campground, E. Ohio St., is now in progress. A total of 187 campers and 58 staff members, counselors, and teachers are participating in the event.

The Rev. Virgil Cooper of Portsmouth is the Camp co-ordinator. The evangelist is the Rev. Mrs. Dorothy Meadows of Lucasville.

During the night services and day chapels the campers are encouraged to use their talents such as singing or playing instruments. Bible and clinic classes are held in the mornings and in the afternoon recreation and arts and crafts time is given.

Today members of the winning team for the week will be given small cup trophies. In the arts and crafts department ribbons will be awarded for first, second and third prizes plus an honorable mention.

The highlight will be the election of the "Camper of the Year." Yesterday each of the 10 classes selected one boy and one girl as their candidates. Today the winners will be chosen from this group. The award will be free tuition to the 1966 Youth Camp (\$10). The selection is based on: spirituality; sincerity; neatness in appearance; citizenship; and neatness of their camp memories book.

Bids Being Accepted for Road Jobs

Sealed bids will be received until 10 a.m. Tuesday at the office of the Ohio Department of Highways, Columbus, for road improvement projects in Pickaway County. The projects are:

The application of a bituminous roadmix surface course to 3.36 miles of State Route 752 in Harris and Walnut Twp.

Five proposals for restoration of haul roads are offered as one contract and will be considered on the basis of the total amount bid. 1. Application of a bituminous roadmix surface course to 1.52 miles of county road No. 3 in Darby Twp.; 2. to 2.01 miles of county road No. 26 in Darby Twp.; 3. to 5.83 miles of township road No. 117 in Perry and Deer Creek Twp.; 4. to 1.84 miles of township road No. 125 in Perry Twp.; and 5. to 0.48 of a mile of county road No. 160 in Darby Twp.

56 FHA Loans Made in Ohio

James T. McDorman, state director of the Farmers Home Administration, today announced that 56 rural "war on poverty" loans have been made in Ohio.

The average amount of these loans has been less than \$1500. About three-fourths of the funds loaned has gone to farmers to purchase livestock, acquire machinery and equipment, purchase needed land, improve farm buildings, and to make other real estate improvements.

The remainder of the funds has enabled rural people to take up or increase a wide range of non-agricultural income producing activities, including farm machinery and small motor repair, timber stand improvement work, shoe and harness work, portable feed mill operation, home decorating, welding, and automotive repair service.

The loans, made through FHA's 25-local county offices in Ohio, may be repaid over periods up to 15 years at 4-1/2 per cent interest. The maximum amount of the loan is \$2500.

These loans are made to help low-income rural families build up their sub-standard incomes from farming or other work. This phase of the anti-poverty program was launched in January.

Youth Opportunity Plan Helps Boost Payroll

WASHINGTON (AP) — An increase of 26,537 in the number of civilians on federal government payrolls during the fiscal year just ended was reported today by Sen. Harry F. Byrd, D-Va.

Most if not all the increase may have resulted from President Johnson's directive to find jobs for young people under the "so-called youth opportunity campaign," the senator said in a statement.

10 Young Women Work As Summertime Rockettes

NEW YORK (AP) — A summertime job for a schoolgirl is rarely exciting. It's usually hard work, like clerking in a store, baby sitting or camp counseling.

But for 10 young women in New York this summer, vacation jobs are interludes of high excitement and, perhaps, springboards to glamorous careers.

The 10, ranging in age from 16 to 20, are summer replacements in the chorus line of Radio City Music Hall's famed Rockettes.

The girls do four shows a day, seven days a week. Each work day is 11 hours, except on holidays. Th it is longer — more shows are added to the schedule.

After working three weeks, the girls get a week off.

It's a tough routine, but the replacements say they love it. Case in point: Carolyn Bahr, 16, of Pittsburgh.

"Last summer we came here for a vacation," Carolyn said between shows. "I saw the Rockettes and I just knew I had to be one. So I talked to my (dancing) teacher and came up here for the audition, and here I am."

Carolyn will go back to Pittsburgh's Holy Ghost Academy as a senior, hoping to become a member of the permanent Rockettes company when she's through school.

If she does, it won't be anything new for her family. Her sister Eileen, 20, has been a Rockette for more than two years.

Kathy Christie, 16, of Union, N.J., came to New York to audition with Alice Kozimor, 17, of Kearny, N.J. Both made it. Kathy is a high school junior, Alice a senior.

Another member of the summer group is Carolyn Newton, 16, of Wayne, N.J.

Even among the summer group, there are the old pros. Joan Sheary, 20, a college senior from Worcester, Mass., is in her fourth summer with the Rockettes, and Nancy Conant, 20, a college junior from Jacksonville, Ill., is in her third summer.

"When I was 10," Nancy said, "my family came to New York and I saw the Rockettes. Right then I wanted to try."

The rest of the girls: Holly Patecell, 20, of Flushing, N.Y.; Donna Sarantakes, 17, of Boston; Paula Biglen, 18, of Scranton, Pa.; and Conni Jean Wilson, 20, of Columbus, Ohio.

In 1963 the leading industries in numbers of employees in the United States were: Food, 1.64 million; transportation, 1.61 million; electrical machinery, 1.47 million; machinery except electrical, 1.46 million; apparel, 1.3 million.

TODAY In History

By THE ASSOCIATED PRESS

Today is Friday, July 30, the 211th day of 1965. There are 154 days left in the year.

Today's highlight in history:

On this date in 1619, the first American representative legislature assembled at Jamestown, Va. The governor and council were appointed by the London Company and only the lower house, the Burgess, was elected, with only taxpayers eligible to vote.

On this date

In 1733, the first lodge of Freemasons in America, known to have been constituted on written authority of the mother Grand Lodge of England, was opened in Boston.

In 1863, President Abraham Lincoln proclaimed protection of Negro troops from Confederate forces.

In 1898, Germany's "Iron Chancellor," Prince Otto von Bismarck, died.

In 1909, the War Department accepted its first airplane, built by the Wright Brothers on military specifications.

In 1918, Joyce Kilmer, the author of "Trees," was killed in action in France.

Ten years ago—A Communist China spokesman in Geneva announced that 11 U.S. fliers, jailed on espionage charges in 1954, would be released on Aug. 3.

Five years ago—Former President Syngman Rhee lost control of both houses of the legislature in South Korea's first election under its revised constitution.

One year ago — President Johnson in a surprise announcement eliminated Atty. Gen. Robert Kennedy and five other administration officials from consideration for the Democratic vice presidential nomination.

Hoffa Loses Major Fight To Escape Jail Sentence

CINCINNATI, Ohio (AP) — Teamsters Union President James R. Hoffa was just one step away today from fulfilling his vow to take his attempted jury-tampering conviction to the U.S. Supreme Court.

The 6th U.S. Circuit Court of Appeals Thursday unanimously upheld the conviction, rejecting the 52-year-old labor leader's contentions that he was indicted by an improperly impaneled grand jury and convicted on "tainted" and insufficient evidence.

He may seek a rehearing by the appeals court and, if unsuccessful, then take the case before the Supreme Court. He vowed he would fight the matter to the Supreme Court if necessary.

Hoffa and three other men were convicted March 4, 1964, in U.S. District Court at Chattanooga, Tenn. Hoffa was sentenced to eight years in prison and fined \$10,000. The three others received four-year prison terms. Their convictions also were upheld.

Hoffa, Larry Campbell of Detroit and Thomas E. Parks and Ewing King of Nashville were convicted of trying to tamper

with a jury that tried Hoffa in 1963 in Nashville, Tenn., on charges of conspiracy to violate the Taft-Hartley Act in the so-called Test-Fleet case. The Nashville case ended in a mistrial.

Hoffa and his attorneys have contended from the start that he was being "railroaded" to jail because the main prosecution witness was a former

Teamsters official who reported to the government about jury-tampering attempts during the Nashville trial.

In their opinion, the appeals court judges upheld the government contention that Edward G. Partin, the former Teamsters official, was not a paid informer and added:

"The testimony of Partin sought to be suppressed related

not to trial strategy in the Test-Fleet case, but to illegal endeavors to bribe or influence jurors. Informing the government of the existence of such evidence did not interfere with the rights of appellants to the effective assistance of counsel. They had no lawful right to engage in such conduct, either with or without the assistance of counsel."

TODAY In History

By THE ASSOCIATED PRESS

Today is Friday, July 30, the 211th day of 1965. There are 154 days left in the year.

Today's highlight in history:

On this date in 1619, the first American representative legislature assembled at Jamestown, Va. The governor and council were appointed by the London Company and only the lower house, the Burgess, was elected, with only taxpayers eligible to vote.

On this date

In 1733, the first lodge of Freemasons in America, known to have been constituted on written authority of the mother Grand Lodge of England, was opened in Boston.

In 1863, President Abraham Lincoln proclaimed protection of Negro troops from Confederate forces.

In 1898, Germany's "Iron Chancellor," Prince Otto von Bismarck, died.

In 1909, the War Department accepted its first airplane, built by the Wright Brothers on military specifications.

In 1918, Joyce Kilmer, the author of "Trees," was killed in action in France.

Ten years ago—A Communist China spokesman in Geneva announced that 11 U.S. fliers, jailed on espionage charges in 1954, would be released on Aug. 3.

Five years ago—Former President Syngman Rhee lost control of both houses of the legislature in South Korea's first election under its revised constitution.

One year ago — President Johnson in a surprise announcement eliminated Atty. Gen. Robert Kennedy and five other administration officials from consideration for the Democratic vice presidential nomination.

Hoffa Loses Major Fight To Escape Jail Sentence

CINCINNATI, Ohio (AP) — Teamsters Union President James R. Hoffa was just one step away today from fulfilling his vow to take his attempted jury-tampering conviction to the U.S. Supreme Court.

The 6th U.S. Circuit Court of Appeals Thursday unanimously upheld the conviction, rejecting the 52-year-old labor leader's contentions that he was indicted by an improperly impaneled grand jury and convicted on "tainted" and insufficient evidence.

He may seek a rehearing by the appeals court and, if unsuccessful, then take the case before the Supreme Court. He vowed he would fight the matter to the Supreme Court if necessary.

Hoffa and three other men were convicted March 4, 1964, in U.S. District Court at Chattanooga, Tenn. Hoffa was sentenced to eight years in prison and fined \$10,000. The three others received four-year prison terms. Their convictions also were upheld.

Hoffa, Larry Campbell of Detroit and Thomas E. Parks and Ewing King of Nashville were convicted of trying to tamper

with a jury that tried Hoffa in 1963 in Nashville, Tenn., on charges of conspiracy to violate the Taft-Hartley Act in the so-called Test-Fleet case. The Nashville case ended in a mistrial.

Hoffa and his attorneys have contended from the start that he was being "railroaded" to jail because the main prosecution witness was a former

Teamsters official who reported to the government about jury-tampering attempts during the Nashville trial.

In their opinion, the appeals court judges upheld the government contention that Edward G. Partin, the former Teamsters official, was not a paid informer and added:

"The testimony of Partin sought to be suppressed related

not to trial strategy in the Test-Fleet case, but to illegal endeavors to bribe or influence jurors. Informing the government of the existence of such evidence did not interfere with the rights of appellants to the effective assistance of counsel. They had no lawful right to engage in such conduct, either with or without the assistance of counsel."

Ohio Assembly Nears End of 1965 Session

COLUMBUS, Ohio (AP) — Ohio's lawmakers were clearing their desks today in the hope of calling an end to the long legislative session that started with the snow flying last January.

Most of the major problems were resolved, including controversial school bus legislation which cleared the House Thursday after six months of fireworks heard in virtually every corner of the state.

The lawmakers agreed the school bus issue was by far the hottest of the session, and the 88-45 vote by which the House gave its approval was not indicative of an intensive statewide effort to defeat it.

Opponents still insist the measure extending bus transportation to private and parochial school pupils with public funds will be stricken from the law as unconstitutional.

Under the measure, county or regional coordinators will administer the program under the State Department of Education.

Ohio's 1965-67 budget carries nearly \$4 million to pay the increased transportation costs. The bill sets Aug. 15, 1966, as the earliest date for operation of routes established by coordinators.

Rep. B. A. Broughton, R-Geauga, chairman of the House Education Committee, which conducted numerous hearings on the legislation, led the floor fight against it and described as "an affront to common sense" attempts by supporters to characterize the bill as a safety measure. He asserted it is "no more than direct aid to nonpublic schools."

The \$635 million school foundation bill, a measure earmarking \$280 million for capital improvements in the next two years, and House reapportionment were the biggest items demanding attention prior to adjournment. Senators were to vote today on their reapportionment plan.

A joint committee worked until early today with the school bill while senators conferred both on the floor and in caucuses on how to spend capital improvement funds approved by voters in the May 4 primary.

Senate Education Committee Chairman Oakley C. Collins,

R-Lawrence, hinted agreement was near on a compromise bill adding about \$108 million to the school foundation program.

Otherwise, loose ends were fairly well tied together.

Both houses agreed to conference committee reports and completed passage of a toughened strip mine control bill. The committee reinstated a provision allowing the Reclamation Division chief to deny licenses for mining on lands deemed not reclaimable.

The Senate and House also accepted conference reports on bills boosting the pay of elected state officials and setting penalties for threats to damage property.

Only change in the salary measure set the new salary of the lieutenant governor, who now gets \$8,000, at \$17,000 instead of \$20,000 as voted by the Senate.

The Senate gave solid sup-

port to three horse racing bills Thursday night, returning them to the House for expected concurrence on minor amendments.

One would increase the number of racing days for each Ohio track from 44 to 50 and establish a state fund to provide bigger purses in hopes of attracting better horses.

The others would create another state fund to improve thoroughbred breeding and eliminate a requirement for photographing races at harness tracks with an average daily handle of less than \$150,000.

Senators added their approval to House measures boosting the strength of the Highway Patrol from 800 to 850 over a two-year period, permitting juvenile court employees to participate in delinquency programs, increasing the pay of jurors from \$5 to \$10 a day, and requiring yellow flashing lights on rural mail delivery vehicles.

East German Family of 3 Stages Daring Escape

BERLIN (AP) — A hammer, a cord, and a bicycle wheel axle were among the simple tools of one of the most daring escapees over the Berlin wall.

Hein Holapfel, 33, an economist from Leipzig; his wife, Jutta, 32; and their 9-year-old son Guenter, made their escape to West Berlin Wednesday night and early Thursday by sliding down in a homemade cable harness from the roof of a guarded East German government building.

The five-story "House of Ministries", where East German Premier Willie Stoph has offices, is about 25 feet from the wall dividing East and West Berlin.

CINCINNATI (AP) — Civil rights demonstrators would be prohibited at all building sites in Cincinnati under a court order sought by City Manager William C. Wichman.

Wichman asked Hamilton County Common Pleas Court late Thursday to modify an order banning trespassing and interference at the East Avondale Elementary School site, where 16 demonstrators were arrested Monday.

All 16 demonstrators arrested Monday were granted jury trials at a Police Court hearing Thursday.

U.S. OKs \$22 Million Payment to Okinawans

WASHINGTON (AP) — Army and State Department officials have endorsed legislation to pay some \$22 million to Okinawans for claims arising from occupation of their lands by U.S. armed forces between the end of World War II and the 1952 signing of the Japanese peace treaty.

a year and a half," Holapfel said.

He took his family to the building Wednesday at 5 p.m. they hid in an attic room until about 10 p.m.

"We went out of the room onto the roof. It was pouring rain. We wanted to be across by 11 p.m., but it took much more time."

Holapfel had a nylon-type cord tied to a hammer. The hammer handle was painted with phosphorous so those waiting in West Berlin could see it when he threw it. The hammer head was padded to mute any noise.

When the hammer came over, the watchers in West Berlin fastened a heavy cable to it. Holapfel and his wife pulled it to the roof. The other end was attached to an abandoned truck trailer in a field.

Holapfel had made a pulley out of a bicycle wheel axle, with a shoulder and waist harness slung underneath.

The child was placed into the harness first, grabbing an attachment to the axle, he rolled down over the wall and the barbed wire atop it.

"Then my wife went next. She was hurt as she landed, but thank God, not seriously. She was only bruised."

Holapfel himself came over

at 1:30 a.m. Holapfel said he was a member of the East German Communist party and was assigned by the party to explain "olitics to his fellow workers. He decided to escape, he said, because he was tired of handing out propaganda he knew was not true.

2nd Bank, Dairy Teams Post Wins

Second National closed its season on a winning note as they romped over The Savings Bank, 14-7, last night in the Little League Minors. In other league play Blue Robbon Dairy downed Wards Market, 15-7.

Circleville Oil, with its loop slate completed, still owns a half-game lead over Stoutsville, with the out-of-towners playing the Jaycees tonight. If Stoutsville wins, the league lead will be thrown into a deadlock.

Teams with league action completed are: Circleville Oil, 9-1; Savings Bank, 6-4; Blue Ribbon, 5-5; Third National and Rotary, 4-6; and Wards and Second National, 3-7. Stoutsville owns an eight-and-one slate and Jaycees has two wins in nine games. First National and IOOF battle tonight, with both owning identical 5-4 marks.

Tom Taylor earned the win for Second National as he turned in three frames of no-hit and no-run ball on a fine relief job. He walked two and fanned one, while picking up the win. Robert Conkle was the starter as

he walked and fanned four, scattered five hits, and allowed seven earned runs.

CHARLES Sisterman started for the losing Savings team and went three innings, walking four, whiffing one and giving up seven bingles and eight earned runs. Claude Turner relieved Sisterman and absorbed the loss. He issued six bases-on-balls, put down three on strikes and scattered three hits with six earned runs.

Jeff Walisa paced the winners' 10-hit charge as he cracked a three - sacker. Keith Davis and Don Barton slammed two-baggers. Steve Fausnaugh tagged a pinchhit double in the fifth frame.

Greg Hoskins hammered a three-bagger and Shaffer and Ferguson popped doubles for the losers.

Good field play also aided the Second Bankers as first-baseman Larry McFarland pulled an unassisted double play. The winners committed only two errors in the game while the Savings Bank pulled three.

Club Shots

Joanne York took Ladies' Day low gross honors with a 44 at the Pickaway Country Club. Betty Young and Mary Carpenter tied at 41 for the July Selected Gross special event in the first flight. Alece Stanton's 28 won the July Selected Net event. Sue Spires won the award for the best putter of the month in the first flight.

In the second flight, Jane Plum's 45 won Selected Gross, Mary Kay Wavering's 28 won Selected Net, and Elsie Edstrom was the best putter of the month.

Alece Stanton won the drawing for the jar of pennies collected for three-put greens.

Butch Wins Babe Ruth Loop Title

L. M. Butch is assured of sole possession of the top spot in the Babe Ruth League as second place Kiwanis finished the season last night.

The Kiwanians won by forfeit over Lindseys. General Electric and Du Pont wound up their seasonal slates as they clashed, with GE dumping the Chemicalmen, 9-2.

Tom Cassill piloted his GE team to the win as he followed the mound route. Showing good control, he walked one and fanned nine while limiting the losers to two hits.

Walt Jenkins and Frank Carter shared the mound duties for Du Pont. Jenkins walked two and fanned one but being touched for five hits. Carter issued no bases-on balls, struck out eight and allowing 11 hits.

ROGER FAUSNAUGH led the 16 hit attack for the winners as he cracked a pair of doubles. Marion Corne powered a homer with a man on in the first to score the only Chemicalmen runs.

Coke Jets Edge Legion

Winners Post 8-7
Victory on Late Tally

Coca Cola Jets scored in the bottom half of the sixth inning yesterday to edge the American Legion, 8-7, in the Little League majors.

The Legion team grabbed an early lead by scoring two runs in the first frame.

The Jets knotted the score in the third on successive doubles by Steve Davis and Mark Lutz and a single by John Hunt.

In the fourth inning the Legion went ahead again with a three-run production and then scored two more in the top of the fifth.

ONCE again the Jets tied the score, this time by crossing the plate five times.

Gary Spangler scored the winning run in the bottom of the sixth on Lutz's third hit of the game.

Randy Sprout had the only extra base hit for the losers, a double in the fifth.

The winners used a quartet of pitchers. Lutz started and went the first three innings, walking three, fanning seven and allowing one hit.

He was relieved by Hunt who worked the fourth and fifth innings, fanning three, walking three and allowing four hits.

Donald Valentine pitched one third of the last inning, walking three, and Richie Speakman finished the game by fanning one. He was declared the winner.

Dave Ogan went the route for the losers. He was touched for eight hits, walked eight and fanned nine.

Mosquito League Tourney Ready for Semi-Final Rounds

The field of teams in the Mosquito League tournament was narrowed to four last night as Knights of Columbus defeated Block's Shoes, 21-3, and Cook's Insurance edged Pickaway Dairy, 11-9.

The K of C team scored 15 runs in the top of the fifth inning, propelling themselves to the lopsided win.

Reggie Radcliff and Brian Barthelmas powered the Knights to the win. Radcliff belted a triple and a pair of doubles while Barthelmas blasted two doubles and two singles.

The winning pitcher was Phil Roll.

THE Insurance team scored five runs in the first inning and then came from 1-9-5 deficit in the third with two runs in each of the last three frames to gain the win.

The dairymen had tallied one in the first, three in the second and then took a short lead with five in the third.

Kevin Wood banged a triple

for the Cook nine, the longest hit of the game.

Tim Brown and Rex Riddle shared the mound duties for the winners. They walked a total of 16 and fanned 13.

For the winners, Scott Pontious and Jimmy Sprout were the pitchers. They walked 10 and fanned eight.

THE next Mosquito League action takes place Monday 7:30 p. m. on the main diamond at Ted Lewis Park. In that game the Knights of Columbus play Hill Implement.

At 7:30 p. m. Tuesday on the main diamond at Ted Lewis Park, Cook's Insurance will play Ankrom Lumber.

The finals in the tournament are scheduled 7:30 p. m. Thursday at Ted Lewis Park.

Nineteen golfers won \$1,000 or more in the recent U.S. Open. In 1964 only 13 golfers passed that figure.

306 Young Golfers To Vie in Tourney

COLUMBUS, Ohio (AP) — A pair of defending champions head a field of 306 youthful golfers who will compete this weekend in the 11th annual Midwest District Junior Open Golf Tournament.

The tournament, sponsored by the United Golfer's Association, will be played at the Raymond Memorial Golf Course for the second straight year.

Some 80 trophies await the winners in four age divisions. Phil Alkire, the Washington Court House youth who has copped the Central Ohio District Junior crown two straight years, is defending kingpin the major bracket, the 15-17 division.

2nd Bank, Dairy Teams Post Wins

Second National closed its season on a winning note as they romped over The Savings Bank, 14-7, last night in the Little League Minors. In other league play Blue Robbon Dairy downed Wards Market, 15-7.

Circleville Oil, with its loop slate completed, still owns a half-game lead over Stoutsville, with the out-of-towners playing the Jaycees tonight. If Stoutsville wins, the league lead will be thrown into a deadlock.

Teams with league action completed are: Circleville Oil, 9-1; Savings Bank, 6-4; Blue Ribbon, 5-5; Third National and Rotary, 4-6; and Wards and Second National, 3-7. Stoutsville owns an eight-and-one slate and Jaycees has two wins in nine games. First National and IOOF battle tonight, with both owning identical 5-4 marks.

Tom Taylor earned the win for Second National as he turned in three frames of no-hit and no-run ball on a fine relief job. He walked two and fanned one, while picking up the win. Robert Conkle was the starter as

he walked and fanned four, scattered five hits, and allowed seven earned runs.

CHARLES Sisterman started for the losing Savings team and went three innings, walking four, whiffing one and giving up seven bingles and eight earned runs. Claude Turner relieved Sisterman and absorbed the loss. He issued six bases-on-balls, put down three on strikes and scattered three hits with six earned runs.

Jeff Walisa paced the winners' 10-hit charge as he cracked a three-bagger. Keith Davis and Don Barton slammed two-baggers. Steve Fausnaugh tagged a pinchhit double in the fifth frame.

Greg Hoskins hammered a three-bagger and Shaffer and Ferguson popped doubles for the losers.

Good field play also aided the Second Bankers as first-baseman Larry McFarland pulled an unassisted double play. The winners committed only two errors in the game while the Savings Bank pulled three.

Joanne York took Ladies' Day low gross honors with a 44 at the Pickaway Country Club. Betty Young and Mary Carpenter tied at 41 for the July Selected Gross special event in the first flight. Aleece Stanton's 28 won the July Selected Net event. Sue Spires won the award for the best putter of the month in the first flight.

In the second flight, Jane Plum's 45 won Selected Gross, Mary Kay Wavering's 28 won Selected Net, and Elsie Edstrom was the best putter of the month.

Aleece Stanton won the drawing for the jar of pennies collected for three-put greens.

Butch Wins Babe Ruth Loop Title

L. M. Butch is assured of sole possession of the top spot in the Babe Ruth League as second place Kiwanis finished the season last night.

The Kiwanians won by forfeit over Lindseys. General Electric and Du Pont wound up their seasonal states as they clashed, with GE dumping the Chemicalmen, 9-2.

Tom Cassill piloted his GE team to the win as he followed the mound route. Showing good control, he walked one and fanned nine while limiting the losers to two hits.

Walt Jenkins and Frank Carter shared the mound duties for Du Pont. Jenkins walked two and fanned one but being touched for five hits. Carter issued no bases-on balls, struck out eight and allowing 11 hits.

ROGER FAUSNAUGH led the 16 hit attack for the winners as he cracked a pair of doubles. Marion Corne powered a homer with a man on in the first to score the only Chemicalmen runs.

Pony Practice Slated

A practice for the Pony League All-Star team has been called for 8 a. m. Saturday at Ted Lewis Park.

Masters champion Jack Nicklaus tied for 32nd place in the recent U. S. Open with 299. Last year in the Open he tied for 23rd place with 295.

Coke Jets Edge Legion

Winners Post 8-7 Victory on Late Tally

Coca Cola Jets scored in the bottom half of the sixth inning yesterday to edge the American Legion, 8-7, in the Little League majors.

The Legion team grabbed an early lead by scoring two runs in the first frame.

The Jets knotted the score in the third on successive doubles by Steve Davis and Mark Lutz and a single by John Hunt.

In the fourth inning the Legion went ahead again with a three-run production and then scored two more in the top of the fifth.

ONCE again the Jets tied the score, this time by crossing the plate five times.

Gary Spangler scored the winning run in the bottom of the sixth on Lutz's third hit of the game.

Randy Sprout had the only extra base hit for the losers, a double in the fifth.

The winners used a quartet of pitchers. Lutz started and went the first three innings, walking three, fanning seven and allowing one hit.

He was relieved by Hunt who worked the fourth and fifth innings, fanning three, walking three and allowing four hits.

Donald Valentine pitched one third of the last inning, walking three, and Richie Speakman finished the game by fanning one. He was declared the winner.

Dave Ogan went the route for the losers. He was touched for eight hits, walked eight and fanned nine.

Pickaway Farmers and Sportsmen Highlight 30 Years of Service

By STEVE JONES
The Pickaway Farmers and Sportsmen Assn., highlighting its 30th year of existence, will have a special conservation exhibit at the county fair this week.

The first official records of the organization date back to Jan. 17, 1935.

Originally called the Pickaway Farmers and Sportsmen Protective Assn., the first officers were H. E. (Pop) Betz, president; C. E. Roof, vice president; M. L. Binkley, treasurer; and H. L. Bartholomew, secretary.

The first meeting was held in the Municipal Building here and the first order of business centered around the cost of "red snapper fish" for a banquet.

Aerial View of Hargus Lake

FROM such meager beginnings an organization was formed dedicated to the conservation of natural resources. It is an organization that has been extremely active in its purpose.

Since its inception, the club has been instrumental in stocking virtually every species of wildlife and game fish throughout the county.

When the old canal was one of the favorite fishing spots in the county, the Farmers and Sportsmen did much to keep it clean and in good fishing condition.

Hargus Lake at A. W. Marion State Park was built largely through efforts of the organization.

The idea was born in 1943 when Louis Mebs and Richard Hedges, both club members, were coon hunting in the Devil's Backbone area in Washington Twp., according to W. G. Richards, who has been very close to the lake project.

That night, the suitability of the site for a lake struck Mebs. He proceeded to launch a drive to raise money.

THE MATTER was first broached to the club in May of 1944. And from that date until 1956 when the locks were closed and the lake filled, seldom a meeting passed that did not include some discussion of the lake project.

A committee composed of Richards, Mebs and Tom Renick was appointed in 1944 to get action by the Conservation Department to survey Devil's Backbone as a lake site.

An engineer associated with the old conservation department estimated the cost of an earthen fill sufficient to create a 140-acre lake at \$103,000. Land acquisition cost was put at \$26,730.

At that time, the minutes of the club indicated the Conservation Department pledged \$50,000 to the project. The State Highway Department committed itself to a \$36,000 contribution.

But funds for the lake were not easily obtained. Money was finally made available through the State Legislature after many other attempts had failed.

In 1946 a meeting was called

in Tom Renick's law offices. Present were Roscoe Walcutt and Everett Addison, State Senators, and H. E. Louis, Pickaway County's state representative at that time.

LOCAL sportsmen present included Richards, Robert Rader, who has served as treasurer of the club since 1940, Sterling Croman, Lawrence Liston and Fred Colville.

As a direct result of this meeting, Richards pointed out, a move was initiated to obtain funds through legislative channels.

The state legislature appropriated \$150,000. Added to this was \$90,000 which Ed Rausenberger, one of the charter members of the organization, had left to the Conservation Department.

Actual construction of the lake was in 1949. But almost before it was completed the concrete spillway was condemned and the lake lay idle for many years.

The lake cost far more than the original \$103,000 estimate. Richards states the cost of building the lake the first time was \$175,000. The rebuilding of the spillway after its condemnation cost \$235,000. And land acquisition cost another \$45,000.

LOUIS MEBS, whose foresight has provided recreation for thousands of residents, never lived to see the lake which he dreamed of back in 1943 while coon hunting.

It was during the time when A. W. Marion, a native of Pickaway County, was chief of the Department of Natural Resources, that the spillway was declared unsafe and later rebuilt.

The lake and surrounding area was originally called Hargus Creek Memorial State Park. In time the word "Memorial" was dropped from the title and then in 1962 it was named A. W. Marion State Park. The water impoundment area is still named Hargus Lake.

Activities of the Farmer and Sportsmen Club have been and continue to be widely diversified.

Minutes of early meetings indicate the annual banquet consumed much of the business discussion of early meetings.

At one time the club passed a resolution recommending a known game violator be kept in jail, rather than released.

AT A LATER meeting it was resolved by the club the poach-

er be released and allowed to pay his fine in installments.

From the outset the club has been interested in teaching conservation to young people of the county. Members have obtained Ted Lee who will lecture on conservation in the local schools during the coming year.

It is sending several youngsters to the National Rifle Matches at Camp Perry, Ohio.

It has conducted hunter safety lessons for Boy Scout organizations and other young-

sters. This year a Gun 4-H club was sponsored by the group.

During Fair week a Coonskin Cap Brigade initial will be held through efforts of the conservation organization.

The club this year is also sponsoring the countywide fishing contest.

The exhibit at the Fair will include live displays of native wild animals, many hunter safety displays as well as other conservation features.

Counterfeit \$10 Bill Found Here

A \$10 counterfeit bill was found today that had been passed in the Pickaway County Treasurer's office.

The bogus bill was discovered at the Third National Bank in a deposit made by the county treasurer.

A spokesman for the office told Deputy Sheriff Warren Straley there was no way of determining where the bill came from, or how long they had it.

Earlier this week Circleville Police reported a number of \$20 bills had been identified as counterfeit by local banks.

A rash of counterfeit money has cropped up in other central and southern Ohio communities. Most of the bills have been \$20 denomination, although information given to the Pickaway County Sheriff's Department indicated there were also \$5 and \$10 bills discovered in other areas.

The serial number on the bogus \$10 was B 254591791.

The serial numbers on the \$20 bills were all the same. The number is L 17079465 A.

Driver License Switch Expensive for 2 Youths

Two Michigan youths who switched a driver licenses were handed stiff fines today in Circleville Municipal Court.

They were Marshall Reynolds of Benton Harbor, who was charged with displaying another's license as his own, and Daniel James Marquis, Eau Claire, who was charged with lending his driver's license.

Both were fined \$100 and costs and sentenced to a 30-day suspended jail sentence. In addition, Reynolds was fined \$15 and costs for speeding 75 miles per hour in a 60 mile zone.

Melvin Lee Fausnaugh, 30, Heath, cited into Circleville Municipal Court for operating a motor vehicle while under the influence of intoxicants and for failure to stop within an assured clear distance ahead by Circleville Police, was fined a total of \$80.

Judge Sterling M. Lamb ruled there was insufficient evidence presented to prove beyond a reasonable doubt that Fausnaugh was under the influence of intoxicants. He reduced the charge to reckless operation and levied a fine of \$50 and costs. The fine on the other count was \$30 and costs.

Other motorists on the court docket were:

Robert Dick, 341 E. Franklin St.; \$15 and costs with both the fine and costs suspended, for driving south in the north-bound lane of traffic on Route 23.

Delores Diamond, Utica, Mich.; \$100 bond forfeiture for driving with no operator's license.

Raybourn L. Ratcliff, 27, Columbus, Henry Sabate, Canton and John Cook, 50, Oak Hill; \$19 bond forfeitures for speeding 70 miles per hour in a 60 mile zone.

Norma Jean Stevens, 26, Laurelville; \$15 and costs for failure to heed a stop sign.

Sidney Lee Cornish, 25, Route 4; \$15 and costs for driving an unsafe motor vehicle.

Richard F. Caderette, 43, Ft. Wayne, Ind.; \$10 and costs for speeding 70 miles per hour in a 60 mile zone.

Donald Spouse, 24, Columbus; \$25 and costs for driving a car with no brakes.

Stock Mart Chalks Gain

NEW YORK (AP) — Rails paced the stock market to a substantial gain in fairly active trading early this afternoon.

Motors, steels, chemicals, electrical equipments, oils and nonferrous metals went along.

Gains of fractions to around a point predominated among key stocks.

The rails were bought on prospects of increased military traffic and the market as a whole responded to reports of record second-quarter earnings and a fading of the threat of a recession.

Airlines continued to move lower on balance because of the government suggestion that it might lower fares or raise services.

Aerospace issues were mixed, showing partial recovery from recent profit taking.

The Associated Press average of 60 stocks at noon was up 2.4 at 325.4 with industrials up 2.8, rails up 2.5 and utilities up .6.

The Dow Jones industrial average at noon was up 5.32 at 879.55.

13 Local Swimmers Qualify For Finals at Mt. Vernon

The Circleville Swim Team showed plenty of power as 13 members qualified for the finals in individual events yesterday in the Central Ohio Swim League championship meet at Mt. Vernon.

Qualifying for the final events were: Mike Merriman, twice; Jeff Griffith, Ann Guenther, Ann Cook, Craig Dresbach, Mark Ralston, Emily Moon, Don Coats, Carl Hille, Beezzie Anderson, twice; Debbie Shea, twice; Dennis Russell, and Terry Lewis.

When the final events were over Circleville had gathered four first-place medals, three second-place medals, two third-place medals, five fourth-place ribbons, seven fifth-place ribbons, and nine-sixth place ribbons.

Winning two first-place medals and breaking two Mt. Ver-

non Pool records was Debbie Shea. Miss Shea won first in the girls 14-and-under 50 meter breaststroke and the girls 17-and-under 100 meter breaststroke. She broke the 50 meter record of :42.5 in a new record time of :41.7 and the 100 meter record of 1:33.3 with a clocking of 1:32.8.

Other gold medal winners were Mike Merriman in the boys 17-and-under 100-meter backstroke and Dennis Russell in the boys 14-and-under 50-meter breaststroke.

Winning silver medals for second place were Craig Dresbach in the boys 14-and-under backstroke, the girls 14-and-under 200-meter medley relay consisting of Ann Guenther, Debbie Shea, Beezzie Anderson and Vickie Schroeder, and the boys 14-and-under 200-meter medley relay consisting of Craig Dresbach, Dennis Russell, Mark Ralston, and Keith Krieger.

The bronze third place medals went to Don Coats in the boys 12-and-under 50 meter butterfly and the girls 10-and-under 100 meter medley relay consist-

ing of Janet Helwagen, Nancy "Brook" Guenther and Sarah Kutler.

"In all," said Circleville Coach Jim Shea, "all of our swimmers did well. I think they surprised a lot of people, including themselves."

Shea said the team now stands in fourth place in the league with 126 points. Mt. Vernon leads the league with 387 points. Hill Top holds second with 253 and Delaware and Upper Arlington share third with 238 points. Twin Towers is in last with 113.

Counterfeit \$10 Bill Found Here

A \$10 counterfeit bill was found today that had been passed in the Pickaway County Treasurer's office.

The bogus bill was discovered at the Third National Bank in a deposit made by the county treasurer.

A spokesman for the office told Deputy Sheriff Warren Straley there was no way of determining where the bill came from, or how long they had it.

Earlier this week Circleville Police reported a number of \$20 bills had been identified as counterfeit by local banks.

A rash of counterfeit money has cropped up in other central and southern Ohio communities. Most of the bills have been \$20 denomination, although information given to the Pickaway County Sheriff's Department indicated there were also \$5 and \$10 bills discovered in other areas.

The serial number on the bogus \$10 was B 254591791.

The serial numbers on the \$20 bills were all the same. The number is L 17079465 A.

Senior Golfers In Tournament

Two Pickaway County golfers teed off today in the annual District Senior Golf Championship at the Columbus Country Club.

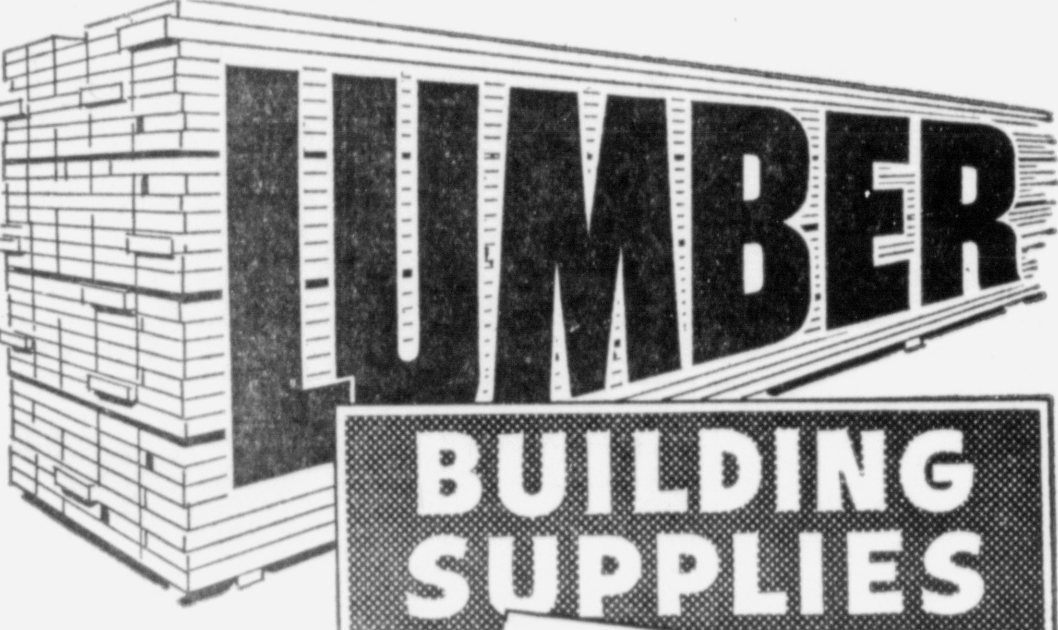

Herry Sark, bailiff of Common Pleas Court, is entered in Class B of the tourney for ages 60-64. Dr. Walter F. Heine is playing in Class C for ages 65-69.

Driver License Switch Expensive for 2 Youths

Two Michigan youths who switched a driver licenses were handed stiff fines today in Circleville Municipal Court.

They were Marshall Reynolds of Benton Harbor, who was charged with displaying another's license as his own, and Daniel James Marquis, Eau Claire, who was charged with lending his driver's license.

Both were fined \$100 and costs and sentenced to a 30-day suspended jail sentence. In addition, Reynolds was fined \$15 and costs for speeding 75 miles per hour in a 60 mile zone.

Melvin Lee Fausnaugh, 30, Heath, cited into Circleville Municipal Court for operating a motor vehicle while under the influence of intoxicants and for failure to stop within an assured clear distance ahead by Circleville Police, was fined a total of \$80.

Judge Sterling M. Lamb ruled there was insufficient evidence presented to prove beyond a reasonable doubt that Fausnaugh was under the influence of intoxicants. He reduced the charge to reckless operation and levied a fine of \$50 and costs. The fine on the other count was \$30 and costs.

Other motorists on the court docket were:

Robert Dick, 341 E. Franklin St.; \$15 and costs with both the fine and costs suspended, for driving south in the north-bound lane of traffic on Route 23.

Delores Diamond, Utica, Mich.; \$100 bond forfeiture for driving with no operator's license.

Raybourn L. Ratcliff, 27, Columbus, Henry Sabate, Canton and John Cook, 50, Oak Hill; \$19 bond forfeitures for speeding 70 miles per hour in a 60 mile zone.

Norma Jean Stevens, 26, Laurelville; \$15 and costs for failure to heed a stop sign.

Sidney Lee Cornish, 25, Route 4; \$15 and costs for driving an unsafe motor vehicle.

Richard F. Caderette, 43, Ft. Wayne, Ind.; \$10 and costs for speeding 70 miles per hour in a 60 mile zone.

Donald Spouse, 24, Columbus; \$25 and costs for driving a car with no brakes.

COLUMBUS, Ohio (AP)—The House, by an 82-19 vote, completed passage today of a Senate bill to increase the number of days allowed each horse racing track from 44 to 50. The measure goes to the governor for his signature.

Stock Mart Chalks Gain

NEW YORK (AP) — Rails paced the stock market to a substantial gain in fairly active trading early this afternoon.

Motors, steels, chemicals, electrical equipments, oils and nonferrous metals went along.

Gains of fractions to around a point predominated among key stocks.

The rails were bought on prospects of increased military traffic and the market as a whole responded to reports of record second-quarter earnings and a fading of the threat of a recession.

Airlines continued to move lower on balance because of the government suggestion that it might lower fares or raise services.

Aerospace issues were mixed, showing partial recovery from recent profit taking.

The Associated Press average of 60 stocks at noon was up 2.4 at 325.4 with industrials up 2.8, rails up 2.5 and utilities up .6.

The Dow Jones industrial average at noon was up 5.32 at 879.55.

When the final events were over Circleville had gathered four first-place medals, three second-place medals, two third-place medals, five fourth-place ribbons, seven fifth-place ribbons, and nine-sixth place ribbons.

Winning two first-place medals and breaking two Mt. Vernon Pool records was Debbie Shea. Miss Shea won first in the girls 14-and-under 50 meter breaststroke and the girls 17-and-under 100 meter breaststroke. She broke the 50 meter record of :42.5 in a new record time of :41.7 and the 100 meter record of 1:33.3 with a clocking of 1:32.8.

Other gold medal winners were Mike Merriman in the boys 17-and-under 100-meter backstroke and Dennis Russell in the boys 14-and-under 50-meter breaststroke.

Winning silver medals for second place were Craig Dresbach in the boys 14-and-under backstroke, the girls 14-and-under 200-meter medley relay consisting of Ann Guenther, Debbie Shea, Beezzie Anderson and Vickie Schroeder, and the boys 14-and-under 200-meter medley relay consisting of Craig Dresbach, Dennis Russell, Mark Ralston, and Keith Krieger.

The bronze third place medals went to Don Coats in the boys 12-and-under 50 meter butterfly and the girls 10-and-under 100 meter medley relay consisting of Janet Helwagen, Nancy Guenther and Sarah Kutler.

Choice Words For Stubborn Arab Autos

RIYADH, Saudi Arabia (AP) — Saudi Arabia's oil wealth has enabled it for years to afford the shiniest and newest automobiles this side of Detroit. But drivers still treat them as if they were camels.

If a car breaks down, the driver is likely to jump out and curse it to get it going again. A judicious kick in the region of the gas tank is sometimes applied.

If this venerable method doesn't work, the tow truck is called in.

Cars are even dressed like camels. Taxis in Saudi Arabia—and most bicycles and motor scooters—are upholstered with the most flashy imitation oriental tapestry available.

Vivid designs in gold, green, blue and black on blood-red or yellow backgrounds cover seats, floors and side panels.

Windows are curtained with tasseled draperies which sway with the car's movement, just like the purdahs in the camel caravans of old.

Coins Deepen Mystery of Alexander

BANGALORE, India (AP) — More evidence has been uncovered to feed an ancient mystery: How far south in India did Alexander the Great's domain extend after his invasion in 326 B.C.?

Two men helping build a new runway at Bangalore airport uncovered an earthen urn containing 250 silver coins bearing the inscriptions "Augustus Caesar Divine" or "Maxim Pontiff."

Mysore state officials say the coins are 2,000 years old and in ancient times were legal tender in the Roman empire. But how did they get in Bangalore?

This city is in southern India, thousands of miles beyond what historians felt were the limits of Alexander's advance. He is thought to have stopped his armies in distant North India.

Two similar caches of coins have been uncovered in the Bangalore area — in 1908 and 1891.

In all cases, the coins, made of pure silver, were tightly packed in sealed urns.

SOS Carried Around World

LOURENCO MARQUES, Mozambique (AP) — Radio amateurs of four continents have joined to save the life of a sick woman in Quelimane, Mozambique. The woman needed a medicine which could only be obtained in Australia.

A Lourenco Marques amateur picked up the SOS from Quelimane. Jose Guerra of station CR7GF then relayed the SOS, which was picked up by amateur station VEYPH in Vancouver, Canada.

This station contacted VK2XT in Australia, who in turn relayed to VK2XO, an amateur station in the area where the remedy could be found.

Variety of Goods Will Feature Homemaking Department Exhibit

Mrs. Dorsey Bumgarner is general chairman for the homemaking department for the 20th annual Pickaway County Fair. She will be assisted by wives of Agricultural Society Board members.

Exhibitors in this department must be residents of Pickaway County or the Circleville shopping area. Entries except baked goods will be accepted all day Monday and must be placed by 6 p.m.

Baked goods entries must be homemade and wrapped in clear cellophane. They will be accepted 9 a. m. until noon Tuesday. Releasing time for entries will be 4 p. m. Saturday and must be called for by 6 p. m. of that day.

Listed below are the various categories and premium awards for this department on display at the Pickaway County Fairgrounds.

NEEDLEWORK

Cat Is Hooked

MIAMI, Fla. (AP) — Peter the cat is hooked on brake fluid.

His owner, Mrs. Victor Piazza, says Peter makes daily visits to a nearby brake shop to lick the fluid off the tires of cars in for repairs.

Sometimes, admits Mrs. Piazza, Peter gets a pretty good jag on. But as soon as he sleeps it off, it's back to the brake shop for more.

No Driver on Train

LONDON (AP) — London transport will introduce automatically driven trains on its new Victoria branch subway which will open in 1968.

Impulses from trackside equipment will accelerate, coast, brake and stop the trains automatically, but there will be a one-man crew — a train operator — in the driver's cab. He will open and close the doors and start the train.

All trains will be eight cars in length. Each car will have loudspeakers to give information to passengers.

Mover Stuck With Bill

JACKSONVILLE, Fla. (AP) — A passenger train struck a house near here, and the railroad collected damages for the accident.

The collision occurred at the Atlantic Coast Line crossing in Callahan.

Testimony at the trial showed the train rounded a curve at 79 miles per hour three-quarters of a mile from the crossing. The engineer saw a house squarely across the tracks.

He applied the emergency brakes and that slowed the big diesel units to 20 miles an hour when the collision occurred.

The house, stuck on the track when its eaves became entangled in crossing signals, was reduced to splinters.

The mover sued the railroad, the owner of the house sued the mover and the railroad filed a counter suit.

The jury awarded the railroad \$3,000 and the house's owner was given \$1,650 for his loss. The mover had to pay.

Ancient, New Side by Side

RIYADH, Saudi Arabia (AP) — This desert capital looks very much like a "before-and-after" advertisement.

The city's buildings are a constant reminder of the transformation brought about by the country's huge oil income.

Dotted about Riyadh are many old, mud-walled palaces

where the kingdom's aristocracy lived before oil was discovered in the 1930s. The ancient crenellated towers and fortress-like walls loom beside modern flashy concrete and glass buildings.

Choice Words For Stubborn Arab Autos

RIYADH, Saudi Arabia (AP) — Saudi Arabia's oil wealth has enabled it for years to afford the shiniest and newest automobiles this side of Detroit. But drivers still treat them as if they were camels.

If a car breaks down, the driver is likely to jump out and curse it to get it going again. A judicious kick in the region of the gas tank is sometimes applied.

If this venerable method doesn't work, the tow truck is called in.

Cars are even dressed like camels. Taxis in Saudi Arabia—and most bicycles and motor scooters—are upholstered with the most flashy imitation oriental tapestry available.

Vivid designs in gold, green, blue and black on blood-red or yellow backgrounds cover seats, floors and side panels.

Windows are curtained with tasseled draperies which sway with the car's movement, just like the purdahs in the camel caravans of old.

Coins Deepen Mystery of Alexander

BANGALORE, India (AP)—More evidence has been uncovered to feed an ancient mystery: How far south in India did Alexander the Great's domain extend after his invasion in 326 B.C.?

Two men helping build a new runway at Bangalore airport uncovered an earthen urn containing 250 silver coins bearing the inscriptions "Augustus Caesar Divine" or "Maxim Pontiff."

Mysore state officials say the coins are 2,000 years old and in ancient times were legal tender in the Roman empire. But how did they get in Bangalore?

This city is in southern India, thousands of miles beyond what historians felt were the limits of Alexander's advance. He is thought to have stopped his armies in distant North India.

Two similar caches of coins have been uncovered in the Bangalore area — in 1908 and 1891.

In all cases, the coins, made of pure silver, were tightly packed in sealed urns.

SOS Carried Around World

LOURENCO MARQUES, Mozambique (AP) — Radio amateurs of four continents have joined to save the life of a sick woman in Quelimane, Mozambique. The woman needed a medicine which could only be obtained in Australia.

A Lourenco Marques amateur picked up the SOS from Quelimane. Jose Guerra of station CR7GF then relayed the SOS, which was picked up by amateur station VEYYPH in Vancouver, Canada.

This station contacted VK2XT in Australia, who in turn relayed to VK2XO, an amateur station in the area where the remedy could be found.

Variety of Goods Will Feature Homemaking Department Exhibit

'Wee Hauf' To Become Smaller Yet

GLASGOW (AP) — The pub-
licans of Glasgow have decided
that the "wee hauf" (small
half) is to become even wee-er.

In future, the measure of
whisky in Glasgow's 1,100 pubs
will be one-fifth of a gill and not
one-fourth (A gill is one-
fourth of a pint).

This means that the tradition-
al working man's drink, "a hauf
and a hauf" (a half glass of
whisky and a half pint of beer)
will have less whisky.

Announcing the change, the
president of the Glasgow Pub-
licans' Association, Morris
Barr, told members: "We rec-
ommend that the one-fifth gill
be adopted as standard mea-
sure instead of one-fourth."

Said one disgruntled regular
in a Gorbals pub: "It will be in-
teresting to see if the pub-
licans reduce the price of the whisky
as well as the amount in the
glass. But ah hae ma' doots."
(I have my doubts).

They Eat Alone And Like It

SANAA, Yemen (AP) — The
average city-dwelling male in
this long-isolated country can
marry, beget children, and be
buried alongside his wife, all
without ever seeing her eat.

Yemeni tradition holds that a
wife, who is allowed to remove
her veils in front of her hus-
band or brother, must never be
seen eating by her spouse. The
reason for this is lost in the
country's ancient traditions, but
the custom is rigidly observed
in the cities.

In the countryside, however,
women not only can be seen
eating, they can also circulate
without veils. This is because
the strenuous working pace of
rural life in Yemen leaves no
time for such oriental enigmas
as trying to guess just who is
under all that camouflage.

It Wasn't Pink

PORT ELIZABETH, South
Africa (AP) — A motorist fled
in terror after his auto had
crashed into a two-ton elephant
in one of the main streets of
Port Elizabeth.

The elephant had escaped from
a nearby circus. An at-
tendant was leading the animal
back by its trunk when the auto
struck it in the dark.

"I don't know where this
thing came from," Balthazar
Classen, 30, told a magistrate.
"It suddenly appeared in the
middle of the road. I hit it and
I lost my nerve and ran
away."

Cramming for Finals

LOUISVILLE, Ky. (AP) —
Fred Tuttle, who retired after
40 years as a schoolteacher, de-
cided to memorize the Bible.

A friend who asked why was
told: "I'm cramming for the
finals."

'Wee Hauf' To Become Smaller Yet

GLASGOW (AP) — The publicans of Glasgow have decided that the "wee hauf" (small half) is to become even wee-er.

In future, the measure of whisky in Glasgow's 1,100 pubs will be one-fifth of a gill and not one-fourth (A gill is one-fourth of a pint).

This means that the traditional working man's drink, "a hauf and a hauf," (a half glass of whisky and a half pint of beer) will have less whisky.

Announcing the change, the president of the Glasgow Publicans' Association, Morris Barr, told members: "We recommend that the one-fifth gill be adopted as standard measure instead of one-fourth."

Said one disgruntled regular in a Gorbals pub: "It will be interesting to see if the publicans reduce the price of the whisky as well as the amount in the glass. But ah hae ma' doots." (I have my doubts).

They Eat Alone And Like It

SANAA, Yemen (AP) — The average city-dwelling male in this long-isolated country can marry, beget children, and be buried alongside his wife, all without ever seeing her eat.

Yemeni tradition holds that a wife, who is allowed to remove her veils in front of her husband or brother, must never be seen eating by her spouse. The reason for this is lost in the country's ancient traditions, but the custom is rigidly observed in the cities.

In the countryside, however, women not only can be seen eating, they can also circulate without veils. This is because the strenuous working pace of rural life in Yemen leaves no time for such oriental enigmas as trying to guess just who is under all that camouflage.

It Wasn't Pink

PORT ELIZABETH, South Africa (AP) — A motorist fled in terror after his auto had crashed into a two-ton elephant in one of the main streets of Port Elizabeth.

The elephant had escaped from a nearby circus. An attendant was leading the animal back by its trunk when the auto struck it in the dark.

"I don't know where this thing came from," Balthazar Classen, 30, told a magistrate. "It suddenly appeared in the middle of the road. I hit it and I lost my nerve and ran away."

Cramming for Finals

LOUISVILLE, Ky. (AP) — Fred Tuttle, who retired after 40 years as a schoolteacher, decided to memorize the Bible.

A friend who asked why was told: "I'm cramming for the finals."

Music Booms In Arabia

RIYADH, Saudi Arabia (AP) — One of the hottest selling consumer items in this kingdom is the ordinary record player.

Long forbidden because of strict religious codes which have now been relaxed, the record player seems to be making up for lost time.

Shops sell everything from tiny transistorized jobs to big luxury models in elaborate walnut cabinets.

Every taxi in Riyadh and Jeddah is equipped with one, which the driver feeds with one Arabic tune after another without interruption.

Cabs serving the bigger hotels are sometimes fitted with two record players. The driver asks whether you prefer Western or Oriental music.

Swine Show Here Is Rated One of Best in State

The Pickaway County Junior Fair Swine Show promises to be one of the finest and largest in the state.

There are 206 swine projects and 39 breeding projects, including 126 Market Pig 1 projects, 41 market pig 2 projects, according to the County Extension office.

Judging in the lengthy show is scheduled to begin 8:30 a. m. Tuesday. It will be conducted according to weight in the market classes and breed in the breeding classes.

For the second consecutive year Harold Delong, swine herdsman for Ohio State University, will serve as judge. The junior superintendent is Brad Thompson.

These breeds will be recognized and exhibited in this order in the gilt classes: Berkshire, Chesterwhite, Duroc, Hampshire, OIC, Poland-China, Spotted Poland-China and Yorkshire.

The nine classes eligible for judging are: 1. individual market hogs 199 pounds and under; 2. individual market hog 200 pounds to 220 pounds; 3. individual market hog 221 pounds and over; 4. champion and reserve champion market hog (1st and 2nd of each class competing); 5. senior spring gilts (Aug. 1,

1963 to Jan. 31, 1964); 6. junior spring gilts (born after Feb. 1, 1964); 7. sow and litter project (an exhibit to consist of a group of three pigs of the litter and - or the exhibitor may show in the regular gilt or market classes if he chooses); 8. pen of three from any of the above classes (judged as market class); 9. swine showmanship.

Special swine awards and their donors include: 1. grand champion and reserve champion market hog and third place award, donated by the L. M. Butch Co.; 2. champion pen of three swine and reserve champion, donated by the L. M. Butch Co.; 3. first place light weight market hog, donated by Pickaway County NFO; 4. first place middle weight market hog, donated by Pickaway County NFO; 5. first place heavy weight market hog, donated by Pickaway County NFO; 6. Duroc gilts, first, second and third prizes donated by the Ralston Purina Co.; 7. champion Hampshire gilt, donated by John W. Eshelman & Sons; 8. Poland China gilts, first second and third awards donated by Ralston Purina Co.; 9. swine showmanship (market hogs and breeding gilts) five awards presented by L. M. Butch Co.

ON TOUR — Each 4-H Club takes one or two tours each year. For the Stir and Chatter Junior Club one was taken to Columbus where members enjoyed dinner at the Kahiki. Another was taken in Circleville where they visited the Blue Ribbon Dairy, the Container Corporation and various county offices at the Courthouse. Some of the club members are pictured here on the Courthouse steps. Left to right are Susie Swope, Karen Foster, Ann Hefflefinger, Judy Brock, Cynthia Palm, Starr Tipton, Debbie Fissell and Lynn Jacobs.

Horse, Pony Show Popular Event At Junior Fair

One of the newest and a very popular feature of the Pickaway County Junior Fair is the 4-H Horse and Pony Show.

The show includes equitation, western contest classes and a small rodeo.

The rodeo was originated at the Pickaway County fair three years ago, and is the only event of its kind in the state.

In the rodeo, 4-H youngsters try their skill at steer riding, a calf tie, a pickup race, a stake race, a barrel race and a flag race.

DROPPED from the horse and equitation classes this year are hunter showmanship, weanling colt, brood mares, hunter equitation, and hunter equitation over jumps.

The classes still scheduled are model saddle-horse show-

manship, yearlings, novice saddleseat, advanced saddleseat and champion equitation stake.

Classes in the pony show are two halter classes, a showmanship class a class for mare and colt and a hitch class.

The western classes are Showmanship, Horsemanship and stockhorse. There is also a junior and senior division with six rodeo classes. They are the steer ride, calf tie, pickup race, stake race, barrel race and flag race.

The contest classes are the pickup race, the barrel race, the calf tie and steer riding.

An entry fee of \$1 will be charged for these classes. It will be jackpotted and divided with 50 per cent of the purse going to the winner, 30 per cent to second and 20 per cent to third in each of the classes.

Fine Arts Fair Entries To Be Shown in Coliseum

The Coliseum will house entries of the Fine Arts and Crafts Show again this year with Mrs. Stanley Burmaster and Miss Martha E. Reid as co-chairmen.

Paintings and other exhibits will be displayed in the south side of the building beginning Monday. All prize winning entries will be on display throughout the week.

Entries must be submitted by residents of Pickaway County or members of the Circleville Art League. Exhibitors may enter as many classes as they desire, but only one entry can be made in any one class. A group that is easily recognized as a set may be entered as one entry, as in pottery.

An article can be entered in one class only. Entries close 5 p. m. on Sunday. Any article which is not entered in the proper class will not be exhibited.

EXHIBITORS must deliver their exhibits at the designated area in the coliseum from 1-5 p. m. Sunday. They will be released between 4 and 5 p. m. on the final day of the fair.

All exhibits must be the work of the exhibitor and must be original, not copied or traced from other paintings or drawings. Only articles not previous-

ly entered in a Pickaway County Fair contest will be accepted for exhibition. Articles will be exhibited at the risk of the exhibitor.

In classes where no competition exists, or, if in the opinion of the judges, an article exhibited is not worthy of a first award the judges may award second place, third or no award. Awards will be paid directly to exhibitors by the fair secretary.

Judges reserve the right to reject any work of art that is in their opinion, unsuitable for exhibition. Judging of all exhibits in the Fine Arts and Crafts Department will take place on Sunday. All pictures must be framed.

Schizo Tree
MINNEOLA, Kan. (AP) — Walter Tedford wonders if his peach tree has a split personality.

Blooms on one side of the tree this spring were different in color than the other side of the tree.

When the blossoms fell he found that one side of the tree had clusters of two and three peaches while the other side had only one peach to each stem.

Colorful Booths, Neat Projects Scheduled by County 4-H Girls

The colorful booths and attractive projects presented by members of the Pickaway County Girls 4-H Clubs are an annual highlight of the County Fair. Numerous categories and many phases of homemaking are presented by the girls.

Junior superintendents for this department are Linda Minor, Beth Ricky, Linda Trimmer, Sheryl Wood, Barbara Va, Page Miller, Linda Bowers, Brenda List and Lynn Richey.

Booths will be erected by the Agricultural Society according to the size determined by the extension staff. Cost of decoration will not exceed \$10 for each booth and projects will be exhibited by clubs, each club being responsible for their booth.

The top 10 winners in each project will be posted in alphabetical order following judging. Ribbons will include first through 10th place. Regular premiums based on final grade are: A, \$2; B, \$1.50; C, \$1.

PRESENTATION of awards will be given for each project's winners in clothing at the Style Revue 8 p. m. Thursday in the 4-H and Grange Community Center. Other projects awards will be presented at the Food

Project Review 6:30 p. m. Friday in the community center.

Food Outranked By Auto Sales

JACKSONVILLE, Fla. (AP) — Duval County residents paid more for automobiles than they did for food in 1963.

A U. S. Department of Commerce business survey released recently showed automobile dealers reported sales of \$154,288,000 with an annual payroll of \$13,734,000.

Grocery sales for the same year totaled \$142,199,000 and food store payrolls amounted to \$10,438,000.

Food Outranked By Auto Sales

JACKSONVILLE, Fla. (AP) — Duval County residents paid more for automobiles than they did for food in 1963.

A U. S. Department of Commerce business survey released recently showed automobile dealers reported sales of \$154,288,000 with an annual payroll of \$13,734,000.

Grocery sales for the same year totaled \$142,198,000 and food store payrolls amounted to \$10,438,000.

Area Drivers Will Match Skills In Tractor Pull Contest at Fair

The Central Ohio Tractor Pulling Club will once again sponsor the championship pulling contest at the Pickaway County Fair.

Long one of the most interesting features of the fair, the tractor operators and their huge machines will pit their skill in the annual two day event.

The tractor pulling contest will begin 4 p.m. Monday and at 10 a.m. Tuesday.

This year's committee is chairmaned by Francis Clark. He will be assisted by Robert Dick, Ross Bidwell and Joe Blue.

ANYONE capable of operating a tractor and who abides by the rules of the event is eligible. It is sponsored by the Central Ohio Tractor Pulling Club.

Only tractors on rubber are eligible. No caterpillars, no four wheel drive tractors or steel wheeled tractors may be entered. Likewise, dual wheels or tire chains will not be allowed.

The distance of the pull must be 15 feet at one hitching. The start is to be made with a tight chain, to be at least three feet long and not more than four.

Contestants will be given two trials to move any load to specified distance. They may choose either end of the sled for the second trial, providing the boundary permits.

Contestants will be allowed 10 minutes to make repairs in case of breaks.

Only the driver shall be allowed on the tractor while the trial is being made. Operators must stay in the seat at all times during the pull and the tractor must be under control. Two drivers will be permitted but only one may operate the tractor at a time.

EACH contestant must hitch to a stationary drawbar not more than 18 inches high. The point of hitch must be in back of the rear axle. A clevis will be furnished by the pulling committee. Axle hitching will not be allowed.

The use of fluid in the tires and of added wheel weights, either equivalent, are permitted. All tractors will be classified according to weight only.

Boundaries will be plainly marked and tractors must stay within those limits while the trial is being made. Failure to do so will result in nullification of the trial. The boundary width shall be from 12 to 15 feet.

The judge shall have full power to decide all questions arising in connection with the contest subject to the rules and administrations as provided. In any event not covered by the rules, the judge shall have full power to decide in a manner he deems fairest with the rules.

The judge shall determine the winners and shall award the prizes according to the rules. Failure to comply with directions of the judge shall result in immediate disqualification of the contestant. All contestants participate at their own risk.

THOSE under 21 years of age shall have written permission from their parents or guardian, stating the Pickaway County Agricutural Society or committee in charge is not responsible in case of an accident.

In the opinion of the judge of the event, when the front wheels have risen to or above 24 inches above the ground surface, that pull will be voided.

The five winning tractors with the heaviest of the two drivers must weigh out.

There will be a 32-foot boundary on the double tree pull.

First prize will consist of a trophy plus \$20. Second is \$15; third, \$10 and fourth \$5.

Classes of tractors are:

Class A, 4,500 pounds, speed pull; class B, 8,500 pounds speed pull; class C, 8,500 pounds, speed pull; class D, 12,000 pounds, speed pull.

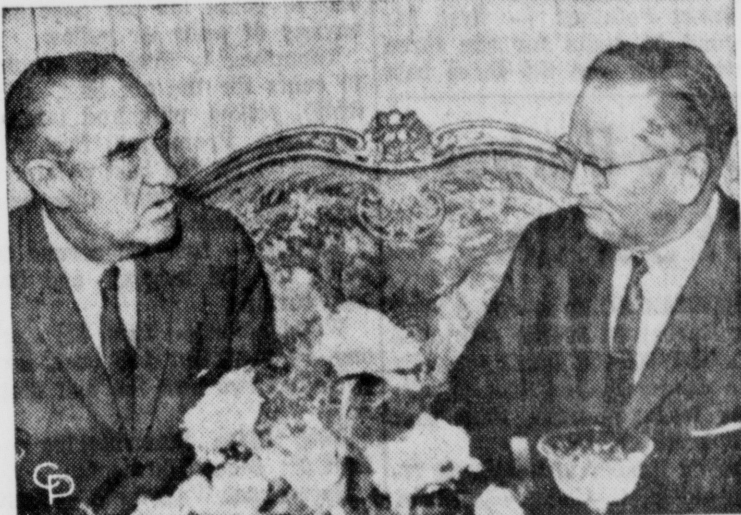

Class E, 4,500 pounds, tug pull; class F 6,000 pounds, team pull; class G, 8,500 pounds, tug pull; class H, 12,000 pounds, tug pull.

Close Check Is Made on Greyhounds

MIAMI, Fla. (AP) — No woman ever kept closer check on her weight than greyhound trainers keep on their dogs.

Some trainers weigh their dogs daily, and if one starts adding weight, his food supply is cut to keep him at racing weight.

Young greyhounds are fed four or five times a day and pups start running free in large pens at about five months of age. A couple of months later they are broken to lead and at eight or nine months are chasing rabbits, then broken to the starting box and begin track training at the farm.

At about 15 months, they are ready to race at tracks.

A racing greyhound is fed once a day, his meal consisting of horse meat, biscuit and meal with vitamins added.

Catfish Schools Fatten on Rice

ROME (AP) — Huge schools of catfish fattened on rice washed by the monsoon into rivers of the Ganges Delta offer a large new source of protein for East Pakistan, a Food and Agriculture Organization (FAO) expert says.

FAO master fisherman Gudjon Illugason of Iceland said the schools were located with an echo sounder, and he and his Pakistani companions landed as much as five tons in five minutes.

The rice-fed fish ranged up to 43 pounds.

Pay as You Go

EDDYVILLE, Ky. (AP) — Sheriff W. W. Ayer was embarrassed.

He was driving a prisoner to the penitentiary and had taken the toll road to get there quicker.

Ohio Barber Of Seville

SEVILLE, Ohio (AP) — A real life Barber of Seville estimates he's cut 300,000 heads of hair in a career longer, though perhaps less romantic, than that of operatic fame.

Ohio's Barber of Seville is 77-year-old K. C. Cook, who's had a shop here 65 years.

The barber in Rossini's opera, "Barber of Seville," was associated with romantic intrigue of royalty. Cook may have missed nobility, but he's encountered some notables.

He gave bandleader Lawrence Welk a haircut he liked. And he remembers spilling a giant on the floor.

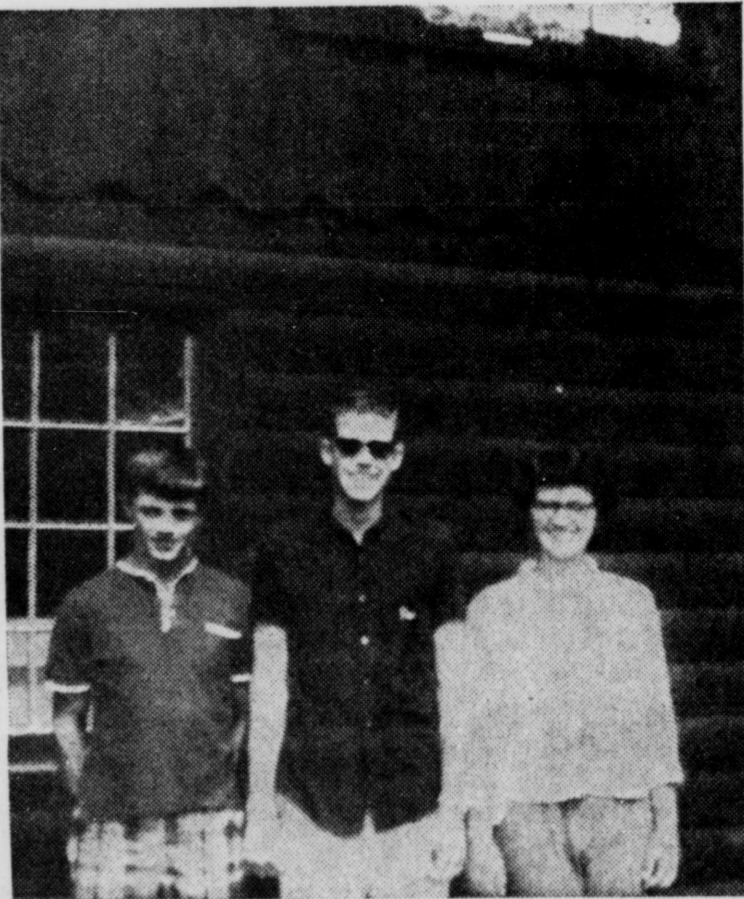

That was when 8-foot tall Capt. M. V. Bates, a circus celebrity of 25 or more years ago, came in for a shave. When Cook tipped the barber chair into shaving position, Bates' bulk threw it off balance and he and the chair both went toppling to the floor.

Long Retirement

LOUISVILLE, Ky. (AP) — Charles Strohman's years in retirement exceed the time spent in his working career.

He joined the Post Office Department in 1902 and retired 31 years later.

Strohman, now approaching 84, has taught Sunday School at Harvey Browne Presbyterian Church for half a century.

AT CONSERVATION CAMP — Shown in front of the Headquarters Building at Camp Ohio are Brad Thompson, Drexel Poling and Cheryl Hulse who attended State 4-H Conservation Camp last week. Poling served as a counselor for the camp. The program included a tour of the Hydrological Experiment Station at Coshocton, as well as a visit to a nearby farm which was used in developing a plan for improved conservation practices.

Close Check Is Made on Greyhounds

MIAMI, Fla. (AP) — No woman ever kept closer check on her weight than greyhound trainers keep on their dogs.

Some trainers weigh their dogs daily, and if one starts adding weight, his food supply is cut to keep him at racing weight.

Young greyhounds are fed four or five times a day and pups start running free in large pens at about five months of age. A couple of months later they are broken to lead and at eight or nine months are chasing rabbits, then broken to the starting box and begin track training at the farm.

At about 15 months, they are ready to race at tracks.

A racing greyhound is fed once a day, his meal consisting of horse meat, biscuit and meal with vitamins added.

Catfish Schools Fatten on Rice

ROME (AP) — Huge schools of catfish fattened on rice washed by the monsoon into rivers of the Ganges Delta offer a large new source of protein for East Pakistan, a Food and Agriculture Organization (FAO) expert says.

FAO master fisherman Gudjon Illugason of Iceland said the schools were located with an echo sounder, and he and his Pakistani companions landed as much as five tons in five minutes.

The rice-fed fish ranged up to 43 pounds.

Pay as You Go

EDDYVILLE, Ky. (AP) — Sheriff W. W. Ayer was embarrassed.

He was driving a prisoner to the penitentiary and had taken the toll road to get there quicker.

At the last pay station, Ayer discovered he didn't have enough money to pay the \$1 toll.

"If you ever expect to get to the pen," Ayer told his prisoner, "you'll have to loan me 50 cents."

The prisoner came up with the difference.

Junior Fair Beef Judging Begins Thursday Morning

Entries in the Junior Fair Beef Show will be judged beginning 8:30 a. m. on Thursday in the show barn.

Randall Reed is serving as judge this year. Junior Fair superintendents for the show are Tim Hamilton and Joyce Long.

The Beef Show, along with other Junior Fair livestock competition, will be climaxed on Friday evening with the second half of the livestock sale.

Any beef breed is eligible to compete in the steer feeding class. Judging will be done in this order: Angus, Hereford, Shorthorn and Dairy. Nurse cows for steers are not permitted.

SPECIAL steer awards and the donor in each division are: First cup, donated by Bowling Livestock Co., in each breed; grand champion steer, trophy, donated by The Circleville Publishing Co.; reserve grand champion steer, junior fair trophy, donated by The First National Bank; and the champion dairy steer, donated by Walter C. Rase, Moorman Manufacturing Co. representative.

Classes of competition for Junior Fair beef breeding are: Junior calf, calved on or after Jan. 1, 1965; senior calf, calved Sept. 1, 1964 to Dec. 31, 1964; summer yearling, calved May 1, 1964 to Aug. 31, 1964; junior yearling calved Jan. 1, 1964, to April 30, 1964; senior yearling, calved May 1, 1963 to Dec. 31, 1963; beef cow, calved prior to May 1, 1963. Champion and reserve champion for each of the three beef breeds.

Special beef breeding awards will be donated by John W. Eshelman and Sons, Elizabeth Stevenson and the American Shorthorn Breeder's Assn.

The outstanding club group of four beef animals will be selected immediately after the judging of the breeding classes. The A and P Tea Company will donate the trophy.

The junior beef showmanship class is limited to members who

were less than 14 years of age on Jan. 1, 1965. Previous winners are not eligible. Donor of the trophy will be the Pickaway Grain Co.

Senior beef showmanship is open to members who were 14 years of age or over on Jan. 1, 1965. Previous winners are ineligible. The Kingston Farmers Exchange Inc. will donate the trophy.

THE showmanship classes, each contestant must fit and show his own entry. The animal which is used in showmanship must be the same on which the boy or girl has shown or will show in a breeding or market class. During the contest the members may be asked by the judge to trade animals

with another contestant. In making the awards, fitting will count 50 per cent and showmanship 50 per cent.

Fitting includes — condition, quality and finish of animal and the cleanliness of hide, hair and hoofs. Showmanship includes — appearance of the exhibitor, equipment used to show the animal, and ability to properly move and pose the animal as directed by the judge.

Both steers and female animals are permitted in showmanship.

The beef showmanship contest will start by animals being brought into the ring wet down but not curled. Contestants will have 10 minutes in which to curl their own animal for show in the ring.

PART OF PROGRAM — Riding horses other than their own is a part of the training for members of the 4-H Colt and Equitation Club. Shown here trying out two mounts at the home of one of their advisers, Sterling Poling, are Lynn McCoy (left), riding Edgewood's Valiant Lady, belonging to Lorna Poling and Karen Matesky, astride Exotic Jeannie, a young horse belonging to Drexel Poling which he has raised and trained since he used it as a weanling and as a yearling 4-H project. Judging of Colt and Equitation Club projects will be conducted during the Fair Thursday morning, beginning at 9, in the riding ring at the Fairgrounds.

Paint Offers Protection To Yemenis

SANAA, Yemen (AP) — Yemeni women of today have something in common with their American Red Indian sisters of a century ago — they cover their face with paint to prevent sunburn.

Toiling all day in the scorching fields of the plains or the unsheltered highlands, the average Yemeni woman paints her face yellow, blue or red.

The colors are those of pigments which are smeared over the face and brows to protect the skin underneath from the sun rays.

Red Indian women on the American plains in the days of the Wild West also covered their faces with paint to protect themselves from sunburn.

Million Dollar Hole

LYONS, Kan. (AP) — The Lyons Chamber of Commerce wants a \$1 million hole in the ground.

It has asked the General Services Administration to give it an underground silo which formerly housed an Atlas missile. The chamber thinks it will be a good tourist attraction.

The Air Force has phased out its Atlas missiles in central Kansas.

Pickaway Fair's Speed Program Will Feature Twilight Racing

The Pickaway County Fair Speed Committee has scheduled twilight races this year in an effort to boost attendance.

The harness races are slated for Tuesday and Wednesday. Post time is 5 p.m. both days.

Three overnight races are scheduled each day. Opening the speed program will be a pace for 2-year olds and non-winners of \$400 in their lifetime.

The second feature of the evening will be for non-winners of \$2,500 (lifetime) and the third is a conditioned trot for non-winners of \$1,000.

WEDNESDAY'S races will be a conditioned pace for non-winners of \$1,000, a pace for non-winners of \$1,500, a trot for 2-year olds and non-winners of \$400.

Trophy blankets will be donated by Kenny Hannan Ford, Sturm and Dillard, Shaeffer's Tire Shop, the BPO Elks, Circleville Fast Freeze and the Savings Bank.

The first day's program will be announced by Willie Leist, veteran auctioneer who annually handles the local race descriptions. On the second day, Phil Mauger of Mt. Vernon,

considered by many to be one of the finest harness race announcers in the business, will be at the loud speaker system.

Starter for the program will be H. A. Butler of Waverly.

Robert Steele, business manager at Scioto Downs Raceway, and before that one of the outstanding harness race officials in the country, will be the presiding judge. Associate judges will be Glenn McCoy and Steve Jones of Circleville.

The timers for the program are Sonny Denny and Harlow Arledge of Circleville.

Ann and Sara Short of Circleville will serve as clerks.

PARADING the horses to the post will be Jane Williamson, riding Royal Rex Juan, owned by Dr. and Mrs. Floyd Dunlap. Speed committee members are Ralph McDill (chairman), Wayne Martin, Glenn McCoy and John F. Fissell.

A two per cent entry fee is to be paid by 10:30 a.m. on the day

before the race entered. Post positions will be drawn at the same time.

Purses for each of the races are \$500, and will be divided with 45 per cent going to the

winner, 25 per cent to the second place horse, 15 per cent to third, 10 per cent to fourth and five per cent to fifth.

All events will be raced in two heats.

The committee will not be responsible for materials or containers after 6 p.m. Saturday. 3. Only one entry in each class from one family. 4. No exhibit can compete in more than one class. 5. Exhibits not meeting specifications of schedule will be disqualified by judge. When the schedule calls for a definite number a greater or lesser number disqualifies. 6. All entries will be judged. First, second and third places will be awarded in each class. The exception is the organizational project which will not be judged. 7. All entries must be turned over to the staging committee who will place them. No entry will be accepted unless an entry ticket is attached. 8. An arrangement is to be interpreted as cut plant material in a suitable container. Accessories are optional. Any accessories incorporated into or along with arrangements, or mats or stands will be classed and judged as part of the arrangement. Arrangements may contain foreign foliage. Please do not use accessories that cannot be left with the entry until time specified for removal. 9. All specimen flowers must be grown by individual entering them. 10. The management will not be responsible for loss or breakage of container or materials but will exercise utmost

care to prevent loss or breakage. 11. Painted materials allowed only where specifically stated for a certain class. 12. Any premiums may be withheld at the discretion of the Pickaway County Fair Flower Show committee for failure to comply with rules.

Mrs. Harry C. Kern heads the flower show committee. Other members are: Mrs. Herman Porter, Mrs. James C. Scott, Mrs. John L. Beck, Miss Florence Brown, Mrs. Turney Pontius, Mrs. Charles Fleming, Mrs. Paul Counts, William Cook and all presidents of county garden clubs.

Gulls Are Listed As Top Problem

MIAMI, Fla. (AP) - Keepers at Miami's Crandon Park zoo list seagulls as their top problem.

"Even when we feed our own birds by hand, the gulls dive-bomb right in and snatch the food away," says head keeper Bill Lunsford. "They're our biggest problem."

Other flying freeloaders also cause problems, particularly in the winter. The zoo finds it has to double its bird food purchases during the months when it's cold up north.

ARMY BECKONS DISCH - Terry Dischinger, star of the Detroit Pistons basketball team, has been called up for two years by the Army. The former Purdue ace is married and has two children.
